INTRODUCTION

Rooted in the academic vision of *Education for Individual and Social Responsibility*

and expressed more fully in The Olivet College Compact is the Olivet College Student Handbook, which is the college's statement of expectations for student behavior. All students are expected to behave in a manner consistent with The Compact and are responsible for following the procedures and policies contained in this handbook.

Community Standards Bill of Rights

These standards describe the expectations for conduct by students and their guests regardless of class status, place of residence or group affiliation. The following rights articulate the standards by which Olivet College students are expected to conduct their lives:

- The right of free access to one's room and suite facilities
- The right to read, study and sleep free from undue interference in one's room.
- The right to personal privacy without violating college policies or local, state and federal laws.
- The right to host visitors. All students are responsible for their visitors and their visitors' actions, as well as the repercussions that come from such actions. Visitors are to respect the stated rights of students and to adhere to all responsibilities and regulations.
- The right to file an incident report with any college employee. Any member of the college community (student, faculty, staff or administrator) has the right to file an incident report against any student, or faculty, or administrator when rights, responsibilities or regulations have been violated.
- The right to receive fair and equitable treatment with regard to disciplinary proceedings, with provisions for appeals.
- The right to confidentiality compliance with the Family Educational Rights and Privacy Act (FERPA) of 1974, as amended, except when a student waives that right.

Code of Student Conduct

In developing students who are individually and socially responsible, Olivet College puts primary emphasis on leading by example, guidance and counseling. At the same time, disciplinary proceedings play a role in this process by holding students accountable to the standards of this community. Those standards are:

Respect for Oneself

The college values all of its students and is concerned about each student's total development. The college encourages students to take advantage of the resources available to them to enhance the quality of their lives while expecting them to assume responsibility for their personal well-being.

Respect for Others

The college believes each person has worth and dignity. Members of the Olivet College community are expected to demonstrate a mutual respect and concern for others. Students should learn to recognize, accept and appreciate those who are different from themselves and act in a manner which helps create a strong sense of community.

Respect for Authority

Olivet College accepts its duty to develop policies and procedures that provide for a safe and comfortable environment for all members of its community. College administrators and staff are responsible for creating and maintaining an orderly environment. Members of the community also share responsibility for supporting the college's efforts

to preserve an environment that contributes to the overall mission of the college.

Olivet College Identification Card

Possessing an identification card that misrepresents your identification, your age, or using someone else's identification card is a violation of campus policy.

Respect for Property

The college devotes significant resources to provide excellent facilities, equipment and space for student use. It is the responsibility of all members of the community to take proper care of college property. Olivet expects students to respect property both on and off campus.

Honesty and Integrity

It is the responsibility of all students to uphold the high level of honesty and integrity that is inherent in the traditions that led to the founding of this college and are the basis for the laws and commonly accepted practices of society. Students are expected to abide by college policies and procedures and to obey laws enacted by local, state and federal governments.

Certain actions are incompatible with these standards and are subject to disciplinary action. Although the college has listed the types of infractions that are most common in collegiate settings, the college is not limited to the enforcement of these procedures and may initiate disciplinary proceedings for conduct which is not included therein. Examples of such behaviors include, but are not limited to:

1. Disrespect for oneself:

- a. Use, possession or distribution of narcotics or other controlled substances.
- b. Use, possession or distribution of alcoholic beverages except as expressly permitted by law and the college's Alcohol Policy. It should be understood that the effects of alcohol do not relieve individuals of their responsibility to themselves or to the community.

Michigan Intercollegiate Athletic Association Sportsmanship Policy
 The Michigan Intercollegiate Athletic Association (MIAA) encourages and promotes good sportsmanship by student athletes, coaches and spectators. We request students' cooperation by supporting the participants and officials in a positive, respectful and civil manner. Cheers should be designed and used as a positive means to encourage a team and not used in any negative manner against an opposing team, any individual on that team or the officials. Spectators will not taunt team members, coaches or other fans, or direct negative comments at officials before, during or after contests. Profanity, racial, ethnic or sexual comments, or other intimidating actions will not be tolerated and are grounds for removal from the site of competition. The MIAA does not allow noisemakers of any type indoors. Also, consumption or possession of alcoholic beverages is prohibited.

Athletic Eligibility

All student-athletes are required to meet the following in order to participate in intercollegiate athletics.

1. Full-time Enrollment

All student-athletes must be enrolled full-time (a minimum of 12 semester hours) for practice and competition.

2. Good Academic Standing

All student-athletes must maintain good academic standing by continuing to show satisfactory academic progress throughout their career. Academic progress for all students will be reviewed after both the fall and spring semester and also after summer school sessions are complete. Evaluations will be performed immediately following the end of each period and will be based on the student's academic transcript at the time of evaluation. This will allow a student the possibility of reinstatement of aid eligibility over summer months. The review will be completed by the Academic Performance Committee, a standing committee of Olivet College faculty members.

Acceptable academic progress toward one's degree completion is measured using two standards: minimum cumulative grade point average and academic pace as described below.

A. Cumulative Grade Point Average (CGPA). The CGPA that must be maintained by each student to indicate acceptable academic progress is dependent upon his or her academic year and is provided in the table below:

Academic Year	Satisfactory Academic Progress	
	Minimum GPA Scale	Minimum Cumulative GPA
Freshman Year	0 – 23	1.80
Sophomore Year	24 – 55	1.90
Junior Year	56 – 87	2.00
Senior Year	88 – higher	2.00

B. Academic Pace. Students' academic progress will also be measured by assessing academic pace, i.e., the ratio of total number of semester hours earned relative to the total number of semester hours attempted. Students are required to show a pace of degree progression which will ensure that the student completes his or her academic program within 150 percent of the published length of the program. The following table illustrates satisfactory academic pace:

A student is considered to be making Satisfactory Academic Progress providing he or she meets the qualifications listed in both the SAP Minimum GPA Scale and the Pace of Degree Completion Scale. For more information on maintaining good academic standing and satisfactory academic process, please see the Academic Standing section of this handbook.

First time, full-time students who earned college credit prior to matriculation at Olivet College sometimes achieve sophomore status as defined by total semester hours before the end of their first academic year. This can be a disadvantage to the student under the expectations of the Satisfactory Academic Progress (SAP) Policy. In order to afford all first time, full-time students a full year as "freshmen" during which they can acclimate to the full-time college environment, any student 1) who has earned advanced placement credit, 2) who enters with college credits earned before high school graduation through dual enrollment or other similar arrangements, or 3) who attended college in the summer prior to their freshman year may request that the Assistant Dean for Academic Records consider him or her as a freshmen for purposes of administration of the SAP Policy through the end of their second semester at Olivet College.

Students who have received a Satisfactory Academic Progress (SAP) Warning and/or who are on SAP Probation are not eligible to practice or complete in athletics during the semester(s) that they have received a Warning and/or are on Probation. Athletic eligibility will resume when good academic standing and satisfactory academic progress has been restored.

3. Semester Hour Requirements by Residence Year

In addition to the requirements to maintain good academic standing stated above, student-athletes must also meet the following semester hour requirements:

hours earned at Olivet College

Transfer work earned prior to full-time enrollment at Olivet cannot be used to meet these requirements. However, students may use transfer credit earned subsequent to full-time enrollment at Olivet College to meet the requirements of both athletic eligibility and academic pace if they have been given **prior approval** by Olivet College officials (i.e., the registrar, the student's academic advisor, and the appropriate department chair) in accordance with NCAA Bylaw 14.4.1.3.

Years of residence for students who are midyear entrants run from January to January, with eligibility checked each January at the beginning of the second semester.

If the student-athlete does not meet the requirements at the beginning of their year in residence, they may meet the requirements in subsequent semesters.

Example: A student-athlete in basketball is required to have 24 semester hours in their second year of residence, but has only earned 23; this student is not eligible to participate fall semester. However, if the student enrolls and passes 13 hours during the fall semester, the student is eligible the second semester because he/she has earned a total of 36 semester hours and is only required to have 24, assuming they meet the GPA requirement.

4. Additional Information Regarding Athletic Eligibility

A. A full-time load requirement of 12 hours or more may be waived for seniors who are in their final semester of attendance and need less than a full-time load to graduate with a degree. Approval for this waiver must be granted in writing from the Office of Academic Affairs prior to its acceptance.

B. A student has the opportunity to complete all of their eligibility during any full-time semesters (enrollment for a minimum of 12 hours) of attendance. However, under no circumstances is a student eligible for more than four years of competition in any sport at the collegiate level.

C. If a student drops out during the academic year for legitimate reasons (e.g., medical withdrawal) they will have the opportunity to appeal the standard athletic eligibility requirements if they have continued to maintain good academic standing (credits may be prorated). Students must make this appeal to the Faculty Athletic Representatives/Eligibility Certification Officers of the college.

5. Transfer Student Eligibility

A. In order to become immediately eligible to compete at Olivet, a transfer student who has participated (practiced and/or competed) at another institution must have been both academically and athletically eligible under the previous institution's guidelines and meet all applicable MIAA and NCAA rules and regulations.

B. A transfer student who has NOT participated in intercollegiate athletics at his or her previous institution(s) will, in most cases, be immediately eligible at Olivet College provided he or she meets the requirements stated in Sections 1 through 4 above.

Jurisdiction of the College

Generally, college jurisdiction and discipline shall be limited to conduct that occurs on college premises or which adversely affects the college community in the pursuit of its objectives. The premises includes all land, buildings, facilities and other property in the possession of, owned, used or controlled by the college; or in the possession of, owned, used or operated by organizations or groups affiliated with the college. However, the college reserves the right to investigate and to subsequently take action for behavior of Olivet College students in off campus situations when such behavior is believed to have an impact on the college or surrounding community, or to reflect on the fitness of the student for continued enrollment. Examples of such behavior include, but are not limited to, assault, disorderly and disruptive behavior, harassment, damage to property, as well as medical and psychological concerns. The decision to take action in such cases will be determined by the vice president for Student Life.

Administration of Discipline

Ultimate college authority and responsibility in matters of student conduct reside with the Olivet College president. The president has delegated immediate authority for student conduct under the general supervision of the vice president for Student Life. Although the college will do its best to adhere to the judicial process outlined in the student handbook, the college does reserve the right to hold administrative hearings and to adjudicate matters in a manner that it deems appropriate for a given incident. The authority to handle a matter through an administrative hearing will be made by the President of the college or by the President's designee.

Disciplinary processes are administered through one of the following levels of authority:

1. Vice President for Student Life
2. Judicial Board
3. Hall Directors

Involuntary Administrative Withdrawal

Students are assured of confidentiality, except in life-threatening situations where someone is a danger to oneself, and/or others, or someone who cannot care for his/her needs. In this case, a family member may need to be contacted so the student can receive appropriate care. In life-threatening situations and in cases of destructive behavior, withdrawal from the college and/or residence hall may be warranted. The vice president for Student Life will involve the student in that decision-making process as much as possible. Effort will be made to minimize the adverse academic and financial consequences of such an action. Other types of behavior on the part of the student may warrant different disciplinary actions.

Community Standards Overview

The college's academic vision of Education for Individual and Social Responsibility affects all aspects of a student's life at Olivet College. Each student possesses certain individual rights, which deserve the respect and regard of others in all instances. Each student must similarly respect the rights of every other student and member of the college community. Olivet is committed to a pluralistic and interactive environment where differences are acknowledged and valued, and where all individuals are expected to observe certain behavioral guidelines meant to ensure and protect the rights of others. Learning to live and work with and next to others is an important part of the educational experience at the college. Olivet College Community Standards are articulated in order to foster the educational and personal growth of students and to fulfill the educational and social goals of the college's vision.

The standards address expectations of behavior, breaches of which may subject the student to disciplinary action under the enforcement procedures stipulated in the standards. Questions of interpretation or requests for further information regarding the standards should be referred to the Office of Student Life.

Student Rights

A student involved in a matter within the college disciplinary system has the following rights:

- The student has the right to receive a written description of the alleged charges against him/her and a notice of the hearing.
- The student has the right to be present throughout the hearing but not during the deliberation of the hearing officer or Judicial Board.
- The student has the right to remain silent (i.e. not to testify against oneself), but must understand that if silence is maintained, the case will be determined on the evidence presented.
- The student has the right to respond to the charges against him/her.
- The student has the right to hear all of the information presented and to question witnesses who testify at the hearing.
- The student has the right to present pertinent evidence and witnesses to substantiate his/her case.
- The student has the right to be assisted in all matters within the college disciplinary system by a member of the college community or by a student advocate. The advisor or student advocate role is to help a student prepare a case, but not to present it.
- The student has the right to request an appeal, if their case meets the qualifications of disciplinary action taken against him/her.

NOTE: FERPA/HIPAA

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a law passed by Congress intended to establish transaction, security, privacy, and other standards to address concerns about the

electronic exchange of health information. However, the HIPAA Privacy Rule excludes from its coverage those records that are protected by FERPA at school districts and postsecondary institutions that provide health or medical services to students. This is because Congress specifically addressed how education records should be protected under FERPA. For this reason, records that are protected by FERPA are not subject to the HIPAA Privacy Rule and may be shared with parents under the circumstances described above and with other parties as permitted by FERPA. (FERPA QUESTIONS for Lee Rooker, Director of the Family Policy Compliance Office, U.S. Department of Education <http://www.ed.gov/policy/gen/guid/fpco/ferpa/library/copeuna.html>)

Confidentiality

The name, status and offense of any student will not be discussed with anyone other than the appropriate college officials. The outcome of any discipline matter will remain confidential, except as required by law. The Higher Education Amendments of 1992 require the disclosure of the results of any disciplinary hearing alleging sexual assault to the victim. Parents of students who sign a FERPA waiver may be notified of any Community Standard Violation.

Olivet College reserves the right to notify the parent(s) or guardian(s) of students who:

- Are minors in possession of alcohol and/or are intoxicated.
- Violate the drug policy.
- Have two alcohol violations regardless of age.
- Require medical attention as the result of alcohol or other drug abuse/use.
- Are placed on disciplinary probation.

When medical attention is necessary, and/or strong concern regarding a student's medical and/or psychological well-being, parents will be notified via telephone. Federal law allows colleges and universities to notify parents without the student's consent. It is our practice to notify the student when a letter is being sent to the student's parent(s) so as to provide the student the opportunity to contact her/his parent(s) before they receive notification from the college.

Procedures Pertaining to Anonymity

Anonymity will be granted: a) when there is reasonable evidence to believe that the physical or psychological welfare of the witness is in jeopardy, or b) the witness might be subject to harassment. Upon request of the witness, the vice president for Student Life will investigate the incident and make a recommendation on the granting of anonymity.

Judicial Process

Any member of the college community may file charges against any student for misconduct. Charges shall be prepared in writing, on an incident report, and directed to the vice president for Student Life, for non-resident students, and to the appropriate hall director for resident students. It is the responsibility of the student who is involved in an incident to contact the Campus Safety office or a hall director in person within the next 24 hours to fill out a report.

Campus Safety along with Residence Life staff, may conduct an investigation to determine if the charges have merit, or to obtain more specific information about the reported incident. After receiving a written incident report and conducting an investigation, if appropriate, the respondent will receive charges in written form from a judicial representative. The sanction letter will outline the process which will take place. A student will be notified in writing at least 48 hours prior

to the hearing of the date, time, location and charges. Personal delivery or mailing to the last known address will constitute adequate notice. Disciplinary hearings will be conducted in accordance with the following procedures:

- Hearings will be closed to everyone except those persons specifically provided for in this procedure or persons whose presence at the hearing is authorized by the hearing officer or board.
- Since the purpose of the hearing is to determine the facts and select an appropriate action that will best suit the student's developmental process, there will be no legal counsel.
- Electronic or other verbatim record of the hearings may be made or preserved. In cases where suspension or expulsion from the college is a possible sanction, an audio tape of the hearing will be made.
- If a student fails to attend a scheduled hearing, the hearing may proceed in the absence of the accused student. Such an absence will not be considered grounds for an appeal. If a student cannot attend a hearing due to a scheduled class that conflicts with the hearing, the student is responsible for requesting a new hearing for him/herself.
- Where two or more cases involving common occurrences or involving the same student or students are pending simultaneously, the hearing officer or board may decide to hear the cases individually or together.
- The hearing officer or board may reasonably limit the scope and time devoted to each matter or item of discussion during the hearing, as well as the number of persons testifying or providing witness.
- At the beginning of the hearing, the student will be advised of his/her rights.
- In all cases, hearings will not be subject to limiting rules of evidence. The level of proof is a preponderance of evidence.
- If the student is found to be responsible, the hearing officer or board will take into account any previous disciplinary action in determining a sanction.
- Written notice of the outcome of the hearing will normally be delivered to the student within five working days.
- If suspended or expelled, the student will be banned from the Olivet College campus. A trespass notice will be sent to all Olivet College staff and personnel. If the student is seen on campus he/she will be considered trespassing.
- Sanctions go into effect immediately, unless otherwise stated. The sanctions remain in effect during the appeal process.

Appeal Process

A student has the right to request an appeal of disciplinary actions. Upon receipt of the disciplinary actions, a student has five school days to file a written appeal. Appeals shall be in writing and delivered to the vice president for Student Life in person or through from the accused student's e-mail account. All appeals will be reviewed by the vice president for Student Life. An appeal shall be limited to a review of the notes or audio tape of the initial hearing and supporting documents, except as required to explain the basis of new information. A student may appeal only on the following grounds:

- There was a denial of the elements of a fair hearing.
- To determine if the decision reached was based on complete information.
- To determine whether the imposed sanction(s) were appropriate for the violation.
- To consider new evidence or other facts not brought out in the hearing because such information and/or facts were not known to

the person appealing at the time of the original hearing. The written appeal must state the grounds and the rationale for claiming that an appeal is warranted. Failure on the student's part to attend a hearing will not be grounds for an appeal. If the appeal does not meet one of the criteria above, the student will be notified in writing that the request for appeal is denied.

If the appeal meets one of the criteria above, a review of that issue will be considered and the student will be notified of the result as soon as practical. The following decisions may be made, but are not limited to: overturn the entire decision, uphold the decision but modify (increase or decrease) the sanction, or uphold the entire decision. Please allow a minimum of two weeks to process the appeal. We will do everything to expedite this process.

A student may request an appeal by the president after the decision has come from the Student Life Office. Upon receipt of the student life appeal outcome, a student has five working days from the final action to file a written appeal. Appeals shall be in writing and delivered to the Student Life office in person from the aggrieved party. The vice president of Student Life or their designee will deliver the appeal to the president's office. While there is no right to an interview or hearing, the president, in his sole discretion, may request an interview or hearing to aid in the review of the appeal. The president shall have the final and binding decision regarding the case, which may not be appealed again or reopened.

Complaints

Any and all complaints brought to the attention of the vice president for Student Life must meet three basic criteria:

1. Complaints must be in writing.
2. Complaints must be signed by complainant.
3. Complainant must state very sequentially the nature of the complaint; (e.g. against the college, an individual, program, policy, or an identified unit) as much supporting data as possible should be included.

Once the above criteria are met, the Office of Student Life initiates an investigation to document the accuracy or lack of, relative to complaints received. When this step has been completed, a written report of the entire process is compiled with data and all factual information ascertained. Findings of support or nonsupport are presented in writing to the complainant. Findings are discussed with the complainant, and explanations are given which includes any actions or non actions that will be made relative to the complaint.

College Sanctions

Olivet College strives to foster an atmosphere that encourages and promotes individual and social responsibility, which includes mutual respect and consideration for others. Students are expected to learn from previous mistakes and poor choices. Therefore, violations of policies and sanctions given in previous semesters will impact sanctions imposed for future violations throughout the student's college career. Students who repeatedly violate college policy will be referred to the vice president for Student Life. Disciplinary sanctions will be determined based on the seriousness of the behavior, the level of the student's responsibility for the incident, and prior discipline history. College sanctions may include, but are not limited to:

Written Warning

A written warning declares that the behavior is unacceptable within the college community, and if the behavior continues, further action will be taken.

Educational Sanctions

Educational sanctions are required activities that are intended to engage the student in a positive learning experience related to the student's inappropriate behavior. Sanctions may include, but are not limited to, performing community service on and off campus, obtaining counseling, writing a paper, etc.

Deactivation

Deactivation applies to groups and organizations only and entails the loss of all privileges, including college recognition or status, for a specified period of time.

Fines

Restitution

A student may be required to make restitution for losses or damages.

Mediation

To help students involved in a dispute come to a mutual agreement or settlement, the college may facilitate or require mediation.

Assessment

A student may be required to obtain an assessment. The student is required to adhere to the findings of the assessment as part of their sanctions.

Notice of No Contact

Notice of no contact is a notice that one party may not interact with another for a specified period of time via phone, e-mail, mail, in person or via a third party.

Residence Life Probation

Removal from College-Owned Housing

Removal from college-owned housing may be for a fixed period of time or on a permanent basis. A student who is removed from college-owned housing is not permitted to enter or visit any college-owned housing and will forfeit any prepaid housing fees.

Disciplinary Probation

Disciplinary probation is a formal notice to the student that the behavior in question is unacceptable within the Olivet College community, and if the behavior continues or if other inappropriate behavior follows, more severe action will be taken, including the possibility of suspension or expulsion from the college. Probation is for

a fixed period of time, which normally will not be less than one semester. During the probationary period, a student may not hold an elected or appointed office or serve as a team captain on any other leadership position. Probation may also affect other appointed or selected positions as required by departmental guidelines. During the probationary period, the student is not considered to be in good standing with the college.

Student Life Probation

While on probation, the student is not allowed to attend or participate in any Student Activities event/program at Olivet. Probation is for a fixed period of time, which normally will not be less than one academic year. During the probationary period, a student may not hold an elected or appointed office or serve as a team captain on any other leadership position. Probation may also affect other appointed or selected positions as required by departmental guidelines. During the probationary period, the student is not considered to be in good standing with the college.

Loss of Olivet College Scholarships

A reduction or loss of institutional aid may result from a judicial hearing. The judicial board will determine the terms and amounts of monetary loss. Once the restricted time period has expired, students may reapply for revoked scholarships.

Investigative Leave

When a potential serious incident has occurred, the Office of Student Life may put a student on Investigative Leave. This is done so that the parties involved can have an opportunity to reflect on the situation while away from campus. Campus Safety and the Judicial Board will work timely to investigate the incident and hold judicial meetings. During this leave, it is the responsibility of the student to contact their teachers and stay up to date on their assignments.

Interim Suspension

While normally no action will be taken against a student until charges have been heard in accordance with the hearing processes established in these Community Standards, a student may be suspended pending a hearing on the charges when, in the judgment of the vice president for Student Life, the continued presence of the student would constitute a clear danger to themselves or to the safety of persons or property on the college premises, or would pose an immediate threat of disruptive interference with the normal conduct of college activities. Interim suspension is only in effect until a hearing board can meet and determine responsibility. During interim suspension, students shall be denied access to residence halls and to the campus (including classes) and all other college activities or privileges for which students might be eligible, as deemed appropriate by the vice president for Student Life.

Suspension

Suspension from the college involves the exclusion of the student from participation in any academic or other activities of the college for a specified period of time, which may be indefinite. Written notification of this action will be provided to the student. Suspension from the college further involves the following: a notice of suspension will accompany any official transcript requested by a student during the period of suspension; withdrawal from all courses carried the semester

of the suspension; and forfeiture of all fees according to the normal withdrawal policy of the college. Any student suspended from the college is prohibited from visiting the college premises except when engaged in official conferences approved in writing by the vice president for Student Life. Suspension may include any other disciplinary action that is judged to be of value to the student.

Expulsion

Expulsion is the most serious college action and involves the permanent exclusion of the student from Olivet College. Expulsion from the college involves the following: forfeiture of all rights and degrees not actually conferred at the time of the expulsion; notification of the expulsion provided to the student; withdrawal from all courses; and forfeiture of all fees according to the normal withdrawal policy of the college. A notice of expulsion will accompany any transcript requested by a student for a period of five years. Any student expelled from the college is prohibited from visiting the college premises except when engaged in official conferences approved in writing in advance by the vice president for Student Life or designee.

Failure to comply with college official request and or college sanctions in a timely manner may result in up to a \$500 fine, a hold being placed on registration, graduation or transcripts, or a more serious sanction being imposed.

Dishonesty

No person shall knowingly furnish false, forged, fictitious or misleading information whether conveyed orally, electronically or otherwise to any Safety Officer or College Official. No person shall knowingly make or furnish to any Safety Officer or College Official any fictitious report of the commission of a violation of any student handbook codes, federal or state law or local ordinance. Minimum fine is \$500 and possible suspension.

Emergency Administrative Action

Should an individual pose an immediate danger to, or severely disrupt the college community or endanger any individual, emergency administrative action may be taken to relocate an individual within campus housing, restrict activities of the individual on campus, or to remove the individual from the college community (e.g. residence halls, classroom) pending the outcome of disciplinary procedures. Within five working days of the emergency administrative action, preliminary disciplinary charges will be filed, followed by formal charges once the investigation has been completed. The student must receive written notification of the charges as specified by Community Standards. The decision whether or not to take emergency administrative action will be at the discretion of the vice president for Student Life.

Psychological/Medical Emergencies

A student who is believed to be an immediate life threatening danger to himself/herself, or an immediate life threatening danger to others, due to psychological and/or medical difficulties, will be required to obtain a professional evaluation and treatment. Failure to comply with this requirement can result in contact with parents of dependent students, disciplinary action, or mandatory withdrawal from the college. Return, and continued stay, at Olivet College is dependent upon signing a specific no-harm contract, and providing proof of a professional psychological examination that clears the student to return to Olivet College. They will not be able to return to Olivet College for 7 days after the assessment. Students must call the Student Life Office at 269-749-7607 to set up an appointment with the Vice President of Student Life or their designee.

The Vice President, or their designee, shall determine whether or not they may return to classes after meeting with the student and going over the file as a whole. Students must follow all recommendations from the professional psychological examination. They understand that failure to meet any of these obligations, including attending ALL counseling appointments, will result in immediate suspension from Olivet College. **All costs accrued due to medical and or safety reasons are the responsibility of the student.**

Account Balance/Account Maintenance/ Financial Responsibility
The amount of tuition and student fees assessed to every students account is processed through Student Services. These fees include judicial fines and community standard fines, including parking fees. It is the sole responsibility of the students to make sure that their account balances are paid in full prior to or on the appropriate due date. Any payment arrangements must be established in Student Services. Any unpaid balances, including those from parking fines, judicial fines and community standard fines, may cause students accounts to be placed on hold from registration. The account balances can also cause students to be dropped from their current schedule. Students who are transferring or graduating will be unable to receive their transcripts, walk at the graduation ceremony or receive their diplomas.

In order for federal funds to be applied to a student's account, students must sign a Title IV Fund authorization form. These funds include tuition remission and any grants or scholarships given by Olivet College. The Title IV funds are to be applied to tuition, room, board and other institutional charges such as, but not limited to, class fees, finance charges, telephone and parking fines that the student incurs at the students discretion. If applicable, the student authorizes Olivet College to apply Title IV funds to prior year charges. In addition, the student authorizes Olivet College to hold any access to Title IV funds in a student's account until the student requests a refund in writing. The student also understands that they have the right to revoke this authorization at any time upon written notification to Olivet College Student Services. The student promises to pay to Olivet College, upon demand by the college, in cash, check or charge, or be entering into an Olivet College Payment Plan, all other charges incurred during the academic year which are not covered by scholarships or grants. All unpaid obligations under this note shall bear interest at 12 percent per annum. The student promises to pay all attorney's fees and other reasonable collection costs (up to 50 percent of the outstanding balance) and charges necessary for the collection of any amount not paid when due.

Olivet College offers plans which provide families a way to pay balances in installments. Registration for a payment plan may be done through the online portal at my.olivetcollege.edu. (Please note that students must have login access to the my.olivetcollege.edu portal to set up a payment plan online.) All payment plans require a \$30 activation fee. Students and parents who default on a payment plan will not be allowed to re-register in payment plans. Additionally, upon default of a payment plan, students will be removed from classes and full payment for the semester will be due immediately. Please speak to a Student Services representative with any questions regarding payment plans.

Confidentiality of Records

With the exception of college expulsion or suspension, disciplinary sanctions shall not be made part of the student's permanent academic record, but shall remain part of the student's confidential record. Upon graduation, the student's confidential record may be eliminated of disciplinary actions (other than residence hall expulsion, college suspension, or college expulsion) by application to the vice president for Student Life. Cases involving the imposition of sanctions other than

residence hall expulsion, college suspension or college expulsion shall be eliminated from the student's confidential record three years after graduation, or final disposition of the case, whichever comes later. Records may be released to third parties only after the student submits written permission to the vice president for Student Life. Information is also released to all necessary offices when a student is suspended from the college for any period of time. All athletes are requested to sign a waiver which allows the vice president for Student Life to release a record of infractions to their respective coach, when appropriate.

Family Educational Rights and Privacy Act of 1974

The Family Educational Rights and Privacy Act of 1974 (FERPA), as amended, is a federal law which states that, a) a written institutional policy must be established, and b) a statement of adopted procedures covering the privacy rights of students be made available. The law provides that the institution will maintain the confidentiality of student education records.

FERPA allows for the release of "directory information" without the student's permission or the need for in-person identification. Olivet College, in compliance with FERPA, has determined the following items as directory information:

- Student name
- Hometown
- Major, minor or program of study
- Dates of attendance
- Degrees and awards received
- Participation in official sports or activities
- Weight and height of athletic team members

A provision of FERPA affords students the right to withhold the disclosure of information designated as "directory information." A confidential hold may be placed on student records by coming into the Student Services and filling out the Request to Prevent Disclosure of Directory Information form. This request to prevent disclosure of information will mean that no information will be released about a student to a third party without the student's written authorization or as required by law. If a student breaks state or federal law, he or she is exempt from FERPA.

Records Not Considered Educational

The following items are not considered educational records under FERPA:

- Private notes of individual staff or faculty (NOT kept in student advising folders);
- Campus Safety records;
- Medical records; and
- Statistical data compilations that contain no mention of personally identifiable information about any specific student.

Faculty notes, data compilation, and administrative records kept exclusively by the maker of the records that are not accessible or revealed to anyone else are not considered educational records and, therefore, fall outside of the FERPA disclosure guidelines.

However, these records may be protected under other state or federal laws such as the doctor/patient privilege.

Institutions do **not** need prior written consent to disclose non-directory information where the health and safety of the student is at issue, when complying with a judicial order or subpoena, or where, as a result of a crime of violence, a disciplinary hearing was conducted by the school, a final decision was recorded, and the alleged victim seeks disclosure. RESIDENCE LIFE

Hall Director

Each residence hall is staffed with a professional hall director (HD), who serves to link curricular and co-curricular learning in the context of the residence halls. Their primary role is the facilitation of living and learning communities. The HD facilitates residential, educational and cultural programming for his/her building with other residence hall staff members, as well as with campus faculty and staff; serves as a residence hall educational leader and advisor to facilitate the Olivet College vision and Compact; serves to resolve conflict and solve problems; and jointly trains and supervises resident advisors (RA).

Senior Resident Advisor

Senior resident advisors have all the same duties as RAs. However, they have additional administrative duties with the HD and additional staff responsibilities, which include a minimum of 10 office hours a week.

Resident Advisor

Resident advisors (RAs) are student staff members who live in the residence halls in assigned rooms. RAs serve as educational/cultural leaders and policy and housing management representatives. They are selected for their ability to help students obtain the most from their college experience. Each works with students individually and in groups on academic, social and personal matters, and is viewed as a resource person. In addition, they help to provide a proper atmosphere for successful academic achievement. They are also responsible for coordinating and providing educational and social programs as well as being available for 10 office hours a week.

ALCOHOL EDUCATION & ALCOHOL POLICY

AlcoholEdu/Everfi at Olivet College

Olivet College is one of many institutions nationwide requiring every member of its first-year class, student organizations, Greeks, and athletes to complete AlcoholEdu- a non-opinionated, science-based course taken by hundreds of thousands of students each year. Whether or not you drink, AlcoholEdu empowers students to make well-informed decisions about alcohol, provides some simple strategies to help keep students and their friends safe, and helps students better cope with the drinking behavior of their peers. Freshmen will be able to access the program on August 25th, and returning students on August 27th, for the 2012 academic year at <http://college.alcoholedu.com>. The log-in ID is C171599Bb. Students must use their school email address and personal password that they set up to gain access the program.

This comprehensive alcohol prevention course has two sections, both of which must be **completed to fulfill this requirement**:

- Part 1 of the course takes approximately 1.5-2.5 hours to complete, and we recommend that you take it in multiple sittings. This part ends after survey 2 and the exam. You must earn a grade of 70 percent or higher to pass and receive credit for the course. **The deadline for finishing Part 1 is Monday, August 22, 2013 for Freshmen and Friday, October 14, 2013 for Greeks & Athletes. Note: If Greek members of a society do not have Part I completed by Friday, October 5, 2012, there will be no registered parties or events where alcohol is present for this society.**

- About 45 days after you complete Part 1, you will receive an email asking you to complete Part 2. Note: **Greeks and Athletes will be able to open up Part 2 of the course in their program within 24 hours of completing Part I with a 70% or better. The deadline to complete Part 2 is Friday, November 15, 2013 for Freshmen, Greeks, and Athletes.**

Please note that the course includes three surveys that measure students' alcohol-related attitudes and behaviors. **All survey responses are strictly confidential**; Olivet will only receive information about the student body as whole and will never see individual students' answers.

Olivet College expects all first year students to complete Part I and Part II of the Alcohol Education course. If Freshmen **do not** complete the course, they will not receive their final semester grades. If members of a Greek society do not complete the course, they will lose the ability to hold registered parties, functions or events where alcohol is present for the remainder of the academic year.

In order to take AlcoholEdu, students will need a computer with Internet access and audio capabilities. Resident and commuter students have access to the computers located in the Library, Mott Academic Center, McKay Gymnasium, and all residence halls.

Effects of Alcohol and Other Drug Abuse:

The abuse of alcohol (a common depressant) can have devastating effects. Persons who abuse alcohol suffer in many ways, including: academically (poor grades), socially (lowers inhibitions, can alienate friends), mentally (impairs judgment and thinking), and physically (increases heart rate, loss of muscle control, etc.). Frequent drinking to intoxication over an extended period may lead to brain and liver damage, blackouts, personality disorders or alcohol problems. Most drugs fall into five categories. These categories are stimulants, depressants, hallucinogens, narcotics and cannabis. Health risks and hazards associated with drug use or abuse may vary according to the type of drug, amount and frequency of use, as well as the physical size and health of the user. The effects range from physical and psychological dependence to organ damage, cancer and other illnesses, and death.

Alcohol and other drugs are abused for many reasons. They can be viewed as an escape from reality, unhappiness or loneliness. Alcohol and other drugs may be used as a coping mechanism to deal with the pressures of college life. There are resources available on campus and in the surrounding communities to help deal with the reasons for and the effects of alcohol and drug abuse. For more information about these resources, please call the Office of Student Life or the Abbott Road Center for the Family.

The following policy is designed to foster an atmosphere of individual and community responsibility as outlined in the college

academic vision, *Education for Individual and Social Responsibility*, and The Olivet College Compact. In addition, the policy is designed to (1) adhere to all federal, state and local laws regarding the consumption of alcoholic beverages; (2) stress moderation, safety and individual accountability for those who choose to drink lawfully; (3) provide information and education; (4) work toward a college atmosphere that is free of pressure for those who choose not to drink; and (5) prevent alcohol abuse and its effects. All members of the college community are expected to comply with college policy, and city, county, state and federal laws regarding the unlawful possession, use or distribution of alcohol. Consistent with the principles in The Olivet College Compact, it is the responsibility of each student and employee to report infractions of the Olivet College Alcohol Policy to appropriate college officials.

Intoxication is prohibited on campus. Intoxication includes but is not limited to: slurred speech, unsteady gait, excessive noise, odor of alcohol, disrespect of authority, slow verbal response, etc. The first step toward prevention of alcohol abuse is education. Alcohol awareness programs will be promoted through the curriculum and co-curriculum. Clubs, organizations, societies and athletic teams will be asked to make their members knowledgeable about the alcohol policy, including the sanctions.

Alcohol Policy Judicial and Appeals Process

Students and student organizations charged with violating the College Alcohol Policy will be subject to the judicial and appeals process.

Medical Amnesty Protocol

The Medical Amnesty Protocol (MAP) is designed to encourage students to call for help in an alcohol-related medical emergency. Under the Medical Amnesty Protocol:

- A student in need of medical help is not subject to judicial action for underage possession of alcohol or limited disorderly conduct if that student completes a required psychoeducational intervention.
- An individual who calls for emergency assistance on behalf of a person experiencing an alcohol-related emergency is not subject to judicial action for underage possession of alcohol, provision of alcohol to an underage person, or limited disorderly conduct.

- If a representative of an organization hosting an event calls for medical assistance, this act of responsibility will mitigate any judicial consequences against the organization that may arise.
- Students/organizations will become exempt from MAP under the following circumstances: repeated alcohol offenses and/or abuse of MAP, disrespectful behavior during an emergency, further offenses involving college policy during or immediately following the event or under the discretion of a hall director and vice president for Student Life.

In order for a student to use the MAP, the student must voluntarily present themselves for help at the time of the incident. A student, who is passed out, is not voluntarily presenting themselves. Students who obtain a Registry Identification card prior to residing in college-owned housing may petition for an exemption to the Student Residence and Board Policy. Students who obtain a Registry Identification card while residing in college-owned housing must immediately contact the vice president for Student Life to discuss the petitioning process to be allowed to reside in non-college-owned housing. Failure to notify the vice president of Student Life could lead to further judicial actions. A petition with supporting documentation must be submitted to the Office of Student Life for consideration, and this office will notify students of the outcome of a petition.

GENERAL HOUSING POLICIES

Residency and Board Requirement

Olivet College believes that the housing component is an integral part of our student's education.

As a residential college, Olivet requires all full-time students to reside in college approved housing and to participate in a college meal plan for their first four years of enrollment. This will enable students

to realize the maximum benefit of proximity to faculty, their fellow students and the

offerings of the college. As students interact in these settings, they will learn and grow from the different values, life experiences, classes, activities and ideas that are present in the Olivet College community.

Students living in Olivet College residence facilities are required to register for and maintain 12 or more credit hours. A student dropping below 12 hours must contact the Housing Office for special permission to remain in campus housing. When a residential student applies and is accepted at Olivet they sign a Residence Hall/Theme House/Gillette Student Village License Agreement. All full-time students who are single without dependents and who are younger than 23 years of age are required to live on campus. Students 26 years of age and older are eligible to reside in Gillette Student Village, Long Apartments or any appropriate Theme or Greek House as long as residency requirements are met. Full-time students who fail to sign up for housing as required will be charged for housing and a meal plan.

All students are required to reside in campus housing until they attain exemption status. Exemptions from the policy are granted for students who meet any of the following criteria:

- 23 years of age
- Married
- Living with parent(s) or legal guardian(s), in Bellevue, Olivet, Marshall or Charlotte.

Students wishing to be exempt from the room and board policy must petition for the exemption by completing a Room and Board Exemption Form available in the Housing Office, the Student Services, or online at my.olivetcollege.edu. Completed forms must be submitted to the Housing Office prior to the last day of the drop and add period. Exemptions must be filled out and received by the housing office by May 1st for the upcoming academic year. Exemptions filed after this time will be disregarded. Students applying for an exemption may be asked to provide documentation supporting their request. The housing director will review petitions and students will be notified in writing if they do not qualify.

Greek and Theme House Exemption

Students desiring to live in a society or theme house must fill out the Greek/Theme Housing Form available in the Housing Office and on MyOlivet. To qualify to live in a society house a student must meet all of the following criteria:

- 21 years of age or Junior status
- Have a 2.0 cumulative GPA average.

Exemptions from the housing policy are granted for Greek students who meet the following criteria:

- Are under 21 years of age but also must have
 - o sophomore status,
 - o CGPA of 2.5 or above,
 - o No judicial violations the year prior to moving into the Greek House. They also must demonstrate responsible behavior prior to moving into the Greek House.

During the exemption period if the students' CGPA falls below 2.5 and/or they incur a judicial violation (Sexual Assault, Alcohol/drug violation, Physical abuse or any other serious offense) they must move out of the Greek house immediately and return to the residence hall pending space availability. The student will also have their account billed the standard room/board rate. An exemption appeal must be filed as per the exemption procedures above. Exemptions must be filled out and received by the housing office by May 1st for the upcoming academic year. Exemptions filed after this time will be disregarded.

These forms are also available in the Housing Office and on My Olivet.

Transfer students

Transfer students who have been living on their own, attending a community college and have Advanced Transfer Status (62 credit hours) may be granted housing and meal exemption.

Room and Board Exemption Appeal

Appeals may be made in writing to the vice president for Student Life within five business days of receipt of exemption denial.

A student may request an appeal by the president after the decision has come from the Student Life Office. Upon receipt of the student life appeal outcome, a student has five working days from the final action to file a written appeal. Appeals shall be in writing and delivered to the Student Life Office in person from the aggrieved party. The vice president of Student Life, or their designee, will deliver the appeal to the president's office. While there is no right to an interview or hearing, the president, in his or her sole discretion, may request an interview or hearing to aid in the review of the appeal. The president shall have the final and binding decision regarding the case, which may not be appealed again or reopened.

Dates of Occupancy

The space which has been reserved for a student will be held until the first class day of the semester as long as they are registered for classes for that semester and their account is in good standing. If the Housing Office is notified in writing beforehand, an extension may be granted. In the event a student fails to check-in and does not seek an extension, their space may be reassigned. If a student does not obtain permission to reside off campus, he/she will waive all seniority rights for housing placement, be assessed a financial penalty, and continue to be held financially responsible for the room and board through the academic year. All residence hall/theme house room assignment/agreements are for the entire academic year. (For instance, if a student pledges a society, that student may not move into the residence until the following academic year.)

Intensive Learning Term Housing Policy

Students enrolled in the Intensive Learning Term (ILT), who were residential students in the non-intensive portion of the spring semester, are eligible to reside in the residence halls/theme houses for no charge during the ILT. Should the student withdraw from the ILT, he/she must vacate the residence hall/theme house immediately. Students who are

not enrolled in the ILT are **ineligible** to reside in the residence halls/theme houses during the ILT period.

Student-athletes may not reside in the residence halls during ILT periods unless they are listed on an official team roster as members of an in-season sport with the Athletic Department. These students must have been residential students in the non-intensive portion of the spring semester. It is expected that student-athletes will be out of their residence 24 hours after their last date of competition.

Student-athletes with permission to remain on campus during ILT should be aware that this is a privilege that can be removed by the vice president of Student Life. **Students who act inappropriately or violate the Student Handbook during the course of the ILT may be asked to leave campus for the remainder of the term and will be subject to judicial sanctions. This includes but is not limited to disciplinary action, interim suspension and other judicial action.**

Quiet and Courtesy Hours

Quiet hours for the residence halls are nightly from 10 p.m. to 9 a.m. Quiet hours are established in order to permit students to study and sleep without distractions. All other hours are considered courtesy hours, meaning residents are expected to be considerate of their neighbors at all times and respond to courteous requests by other residents and staff members regarding noise. Noise should not be able to be heard outside of a student's room. Academic wing quiet hours are 6 p.m. to 9 a.m.

Keys

Students will be assigned a combination room and building door key when they check into a room. This key is only to be used by the student to which it is assigned and cannot be duplicated under penalty of law. There is a \$50 key replacement fee to replace the door lock-set in case a key is lost, broken or not returned at check-out.

Bicycles

Bicycle racks are located at each residence hall. Students are responsible for their own locks and chains. Olivet College is not responsible for any damage or theft to or of the bicycles. Students should only use the bicycle racks to lock up their bicycles and attaching them to any residential building or signs or structures is prohibited. Bicycles not attached to designated bike racks may have their chain cut to have the bicycle removed and the owner may be ticketed. The bicycle ticket fee is \$50.

Identification Cards

All new students will be issued an ID card during registration. It should be carried at all times. ID cards are required to gain free admission to all athletic events, register for classes, cash checks, vote in student elections, receive mail from the mail room, and gain admission to the dining hall, and to participate in intramural sports. If asked by a college official, students must produce an ID card. If an ID card is lost, a replacement may be obtained from Student Services for \$15.

A Loft Registration Form must be submitted to the Housing Office in order to gain permission to have a loft. Lofts must be completed and registration forms must be turned in by the end of the first full week of October (in the fall semester), and the first full week of February (in the spring semester). For the safety of all residents, doors of residence halls and theme houses should not be propped open, as to not allow unwanted visitors access to the facilities. All Residence Hall doors are locked 24 hours a day. If a door is propped it is each student's responsibility to close the door. **Residents of the entire building may be fined if doors are found to be propped open.**

Fire Alarms and Drills

In the event of a fire alarm, residents are required to exit the building immediately and remain 300 ft. away from the building until a member of the Residence Life staff gives an all-clear signal. For the safety of all residential students, fire drills are conducted in all buildings throughout the year. All students are expected to cooperate with college officials during drills and alarms. Those students who do not adhere to this policy will be subject to Community Standards action. All fire alarms and drills should be treated as a potential fire and the building must be evacuated immediately.

- State fire and panic regulations mandate that halls stairways and stairwells are kept clear at all times of furniture or other obstacles.

Greek House Fire Inspections & Drills

All Olivet College Greek Houses will be inspected monthly by Campus Safety, Maintenance, and/or Student Life Staff Societies will have two weeks to fix/update all violations found by the inspectors. Societies are not allowed to have any guest in the society until the violations are fixed and re-inspected. Failure to fix the violations will result in a fine of \$100 the first time, \$200 the second time, and \$500 the third time and possible judicial actions. Noncompliance during the inspections is a \$500 fine; this includes, but is not limited to, missing the inspection and failure to show all rooms during an inspection.

Greek Houses must contact Campus Safety once a month to have a scheduled fire drill. This is the responsibility of all members of the house to make sure this is done monthly. Drills must be scheduled a minimum of 24 hours in advance. Campus Safety can be contacted at 269-749-7911. Failure to conduct a drill before the end of the month will result in a \$100 fine the first time, \$200 fine the second time, and \$500 the third time and possible judicial actions or other sanctions.

Fire and Safety Equipment

Fire equipment is meant to assist trained personnel. In the event of a fire, residents are strongly encouraged to activate the alarm system by pulling an alarm box, calling 911 (8-911 if using campus phone), and immediately evacuating the building. Sanction for not leaving the building to observe a fire alarm will result in a \$500 fine for the offense.

Tampering with fire equipment or safety equipment consisting of fire extinguishers and hoses, smoke or heat detectors, fire alarm pull boxes or panels, tornado shelter signs, safety instruction signs, surveillance cameras, or other safety equipment is strictly prohibited and will result in a minimum \$500 fine.

If a battery powered smoke detector goes off in a resident's room, the resident is to contact Campus Safety at (269) 749-7911 to report the alarm. Residents are not to remove the batteries in a smoke detector for any reason; if removed the resident will be fined for tampering with safety equipment. Residents should contact their hall director to replace the batteries.

General Hall Violations

The fine for all general hall violations is \$50. General hall violations include the following: noise violations, smoking violations, removal of dorm furniture, possession of cooking and electrical appliances, breaking the visitation policy, breaking the pet policy, trash violations, disrespect

of authority, missing mandatory meetings, etc. If a student cannot pay this amount, the student must do 10 hours of community service with an appointed department. Failure to complete the community service hours will result in an additional \$50 fine to his/her student accounts. House managers are responsible for ensuring that residents dispose of trash in the dumpsters/refuse containers provided.

PET POLICIES FOR COLLEGE HOUSING

Residence Halls

Only harmless fish in a tank smaller than 10 gallons are permitted. No other pets are allowed. No pets of any kind are allowed in the Gillette Student Village.

Greek/Theme Houses

In addition to the residence hall pet policy above, one cat or one dog may reside in a Greek/theme house under the cat-dog care-giver contract. No other pets are allowed.

1. Only one cat or dog is allowed to reside in a house at any time.
2. When outside, pet must be secured at all times and supervised (leash, invisible fence, etc.)
3. Clean the yard, or any other area, of pet feces.
4. If pet is walked, owner must have/use proper means for disposing of droppings.
5. The pet cannot be walked in/around campus buildings (i.e. the College Square, Kirk Center, etc.).
6. Keep the pet on a flea and tick prevention method, preferably "Advantix" or other veterinary approved prevention.
7. In the event of guests in the house (meetings, social gatherings, etc.), keep the pet in the owner's room at all times (exception: pet may go outside if secured).
8. Be courteous of housemates and neighbors; keep the pet from making overbearing noise.
9. Each college-owned Greek society house with a pet must pay the Olivet College pet deposit fee on time.
10. Keep the pet hygienic by giving it a bath and any other necessary grooming when needed.
11. Keep the pet smell to a minimum by cleaning the carpeted floors when necessary.
12. Be respectful of housemates, neighbors and their individual wishes regarding the pet.
13. All current residents of the Greek theme house must be in agreement in order for the pet to reside in that house.
14. Understand that the responsibility of taking individual ownership of a pet requires both a clear understanding and adherence to The Olivet College Compact.
15. Understand that the college reserves the right to refuse submission if: the pet has had prior complaints against it, it is found to be of an aggressive breed, and/or the owner is under any probationary terms or in judicial proceedings with the college.
16. If the pet harms any individual, this contract will become void requiring immediate removal of the pet from the campus community.
17. Follow all Olivet College policies regarding pets living within Greek/theme houses.
18. A full time employee who lives in college property may have a pet with the approval of the director of Residence Life.

ROOM POLICIES

Institutional Liability

The college is not responsible for, nor will it accept liability for, theft, loss or damage to any student's personal property and possessions. Students are encouraged to check their parents' or their own insurance

policies to ensure that their belongings are covered while they are at Olivet College, or to make the necessary arrangements to purchase personal property insurance. For the safety and security of all residents, it is strongly suggested that residents **keep their room doors locked at all times**, as to not allow unwanted visitors access to the room and to prevent theft. Side doors of all campus residences are to be considered included in this policy. Students should also make sure that windows are shut and locked when they are not present in the room.

Assignments and Contracts

Room assignments are for the full academic year and all residents are required to sign a Residence Hall and Theme Housing contract. Any variance of this policy must have prior approval of the director of housing and conferences. Room reservation for returning students is held during the spring semester. In order for returning students to participate in room reservation, a \$100 room reservation prepayment or proper filing of financial aid forms are required. Students must also have an "all clear" from the business office, and be registered for the fall semester. All first-year students are assigned rooms and roommates over the summer, and will be notified by mail.

Closing for Vacations

The residence halls are closed during formal vacation periods (i.e. Thanksgiving Break, Spring Break, and winter and summer recesses). Students may not reside in the residence halls during formal vacation periods without prior written approval from the Housing Office. Failure to leave by scheduled checkout time will result in a \$100 fine. **It is expected students will be out of their residence 24 hours after their last finals.** Before departing, residents will be asked to lock their windows and doors, and to comply with fire and personal safety regulations. During Labor Day, Thanksgiving, and Easter vacation times, hall directors will be on duty in the residence halls. The Gillette Student Village, Long Apartments and theme houses remain open. Other campus buildings are closed and locked, and no meals are served during Thanksgiving break, Winter recess, and Spring Break. Student-athletes may not reside in the residence halls during vacation periods unless they are listed on an official team roster as members of an in-season sport with the Athletic Department. These students must have been residential students in the fall and/or spring semesters. Student-athletes with permission to remain on campus during vacations should be aware that this is a privilege. That can be removed by the vice president of Student Life. **Students who act inappropriately or violate the Student Handbook during the course of the vacation may be asked to leave campus for the remainder of the vacation and will be subject to judicial sanctions. This includes but is not limited to disciplinary action, interim suspension and other judicial action.**

Room Occupancy

Due to Residence Life requirements, only one person may reside in a single room, two persons in a double room and so on. The use of one room as a "sleeper" and one as a "living room" is strictly prohibited. The placement of more beds than designated for one room is a violation of the room occupancy policy.

Single Room Policy

Anyone requesting and receiving a single room must have earned a minimum of 56 semester hours to date, maintain a 2.0 cumulative grade point average (GPA) and have a limited Community Standards history while at Olivet College. Regular single rooms are only available in Dole and Blair Halls. The housing director approves singles on a space available, first-come, first-serve basis. The vice president for Student Life or designee will review special cases or exceptions.

Room Change Policy

Residential living, especially living with another student, can be a challenging growth opportunity. Roommates share ideas, values, lifestyles and experiences with each other. Some residents find another resident that is a better fit, and from time to time room changes are necessary.

Room changes must be authorized by the hall director, and are conditional upon space availability and educational appropriateness. Room changes will begin two weeks into each semester and end two weeks before finals. Room change requests outside of the specified dates will be reviewed by the hall director, and will only be honored in unusual or urgent situations where other interventions will not resolve the student's issues. Students must follow the procedure outlined on the form in order to move to a new room; students who begin or complete their moves before the authorization process is completed will be charged a \$100 improper room change fee. Room Change Request Forms are available from a hall director. A \$50 fee will be assessed for all completed room changes.

Room Consolidation Policy

If a student occupies a standard multiple occupancy room without a roommate, the student will be asked to consolidate with another student who is also without a roommate. Consolidation of rooms and/or roommates will start two weeks into each semester and last two weeks. However, students may be assigned a roommate at any time in the semester in cases of emergency or if a problem arises which cannot be resolved in any other manner. Students are expected to keep the "empty" half of their room clean and available for assignment. Every effort will be made to notify students of a new roommate but notification is not guaranteed. If a student refuses to accept an assigned roommate, the student will be charged a buyout fee for each semester a roommate is refused and also faces possible Community Standards charges and sanctions. If students cannot properly share a room, one or both of the roommates may be required to move to another location and will be charged the buyout fee if they do not move on time. Students may be consolidated at any time. Any student's attempt to block, discourage or add undue pressure to a roommate specifically assigned a given space may result in judicial action, including removal from his/her current room assignment.

During room consolidation students are offered the option of buying out the other half of a double room, if available, for \$350 per semester. This offer is done on a semester basis and based on housing occupancy. During room consolidation, the following options are offered:

- Consolidate with the person you were assigned.
- Buy out the empty part of your room.

If you have any questions about room consolidations, please see a hall director.

Room Search -Residence Hall, Gillette Student Village, Long Apartments, College-Owned Theme and Greek Houses

It is occasionally necessary for college staff members to enter student rooms for the purpose of fulfilling maintenance and repair requests, or to ensure the observance of basic health and safety standards. While fulfilling their administrative responsibility to enforce college regulations, Residence Life staff and Campus Safety may also enter student rooms to eliminate disruptive noise if the student is not present, and/or under conditions of immediate and serious threats to the safety or well-being of persons or property in the room. Searches of rooms and their contents can be ordered by Campus Safety officers or Student Life staff when there is reliable information, in the judgment of the college, that a local, state, or federal law or college

policy has been violated. Such a search can happen at any time without prior notice. Whenever possible, the occupant of the room being searched is to be present.

Furniture Inventory

Occasionally, Residence Life Staff will be asked to count the furniture in the college owned properties. If there is no answer at the door, the staff members will key into the room to do the count. These counts may take place at any time, and may take place more than once. These counts will usually be done during RA duty hours, but they may be done at any time.

Health and Safety Checks

In addition, Residence Life staff secure residence buildings by conducting safety inspections of all residence hall rooms before each break. Room health and safety checks will be performed twice per year. The hall director will confiscate college property, illegal appliances and pets discovered in such a manner, and Community Standards action will be taken.

Room Damages

Students are responsible for any and all damage beyond normal wear to their rooms and room furnishings. Therefore, it is important for students to determine the condition of their rooms at the time of check-in to avoid being charged at check-out for damages or missing items from a previous occupant. To assist the college and students in this process, a residence hall room inventory form must be completed and signed by each student and their resident advisor each time a student checks in or out of a room. This form must describe any damages and missing items. Room inventories are very important because damages are assessed from the information on these sheets. If any additional damages or missing items are noted upon check-out, the student will be billed through Student Services.

The hall director determines all costs and makes charges to a student's account. Failure to check out with a resident advisor will result in the student being billed for all damages to the room at the time of inspection by a Residence Life staff member, in addition to a \$50 improper check-out fine, a \$50 lock change fee, and/or minimum \$50 cleaning fee.

Common Area Damages

Hallways and community bathrooms are the responsibility of each floor. Laundry rooms, study lounges and recreational rooms are the responsibility of all residents of a particular building. In cases of vandalism, every effort will be made to identify the individuals responsible for the damages and assess the charges accordingly. However, in situations where this is not possible, all floor or hall members may be billed an equal portion of the cost to replace or repair damages. Removal of common area furniture will result in a fine.

Maintenance (Room and Residence Hall)

If maintenance of residence hall facilities or equipment (i.e. radiators, locking mechanisms, bathroom sinks) is required, residents should address the problem, as soon as possible, to their RA hall director, or complete a work order request, which is located outside the hall director or RA office. Work order requests are picked up daily, Monday through Friday, by the Physical Plant or Housekeeping. Further concerns about maintenance should be brought to the attention of the hall director of that specific building, and then to the attention of the director of Residence Life.

Cooking and Electrical Appliances

The cooking of meals is not allowed in the residence halls; therefore, all appliances used to cook an entire meal are not allowed. This includes but is not limited to: frying pans, hot plates, electric saucepans, George Foreman grills, hot pots or skillets, toaster ovens and bread makers. Refrigerators smaller than 4.0 cubic feet and small microwave ovens (under 600 watts) are permitted. Due to safety precautions, all residents must use power strips only. All other extension cords are not allowed. Christmas lights are permitted, however, residents will be held responsible if the lights damage the walls or ceilings. No more than one refrigerator is permitted per person and one microwave per room. Appliances including refrigerators must be cleaned and unplugged during extended breaks (i.e. Fall and Spring Break). Halogen lamps are strictly prohibited. Appliances that are dirty and left over break will be confiscated.

Lounges

Each residence hall and theme house has a common area lounge(s) or a recreation facility. The lounges may be used for television viewing. Study groups, games, etc. may occur during established hours. It is the responsibility of each resident to ensure that there is no damage or vandalism to the facility or its furnishings. The entire building population may be fined if the lounge is damaged or vandalized in any way.

Visitors and Guest Policy –Residence Hall/Theme Houses/ Gillette Student Village/Long Apartments/College-owned Greek Houses

1. Visitation is a courtesy that is extended to residents. However, it will be revoked if roommate, floor mate, noise or other discipline issues become a problem.
2. Guests of any gender are allowed, with the permission of the roommates/suitemates, to stay overnight no more than two nights within a seven day period in any campus building. This period starts after the last day of their stay. Roommates will be required to execute a roommate contract (for rooms with two or more roommates) and participate in mediation if this policy is abused.
3. All Greek houses are encouraged to register guests.
4. Residence Hall overnight guests must be registered with the resident advisor by 10 p.m.; failure to do so could result in the guest being asked to leave. Guests must present a valid ID when checking in.
5. Non-overnight visitors are welcome on campus at any time; however, on-campus residents are responsible for their visitors'/ guests' behavior and actions.
6. Residents must also take responsibility regarding any and all repercussions of their guest's actions. Visitors/guests must be escorted by a resident at all times and must use the restrooms designated for their gender.
7. Non-overnight guests, up to four per room are allowed in the residence halls and bedrooms of the theme houses. Residents are allowed only two overnight guests at any one time within a seven day period. This period starts after the last day of their stay.
9. Guests in the main living areas of the theme houses must follow fire code. Current fire code and occupancy limits are posted in each house and are also available in the Office of Student Life and Housing Office.
10. Visitors under 18 years of age must leave college buildings by 10 p.m. Students hosting approved underage visitors must register their guest with the hall director upon entering the residential hall, or with the apartment manager if at a theme or college owned Greek house. Exceptions can be approved by the Director of Residence Life if

the visitor is a prospective student on a coach approved, or an official college visit, or if the visitor is family. In these cases the perspective student must be accompanied by a designated person or family member. Any Olivet College Student under the age of 18 will be allowed to visit any residence hall with the approval of the Hall Director.

11. Babysitting is considered "the running of a business" and is not allowed in the residence halls, theme houses, or Greek houses. During allowed hours for visiting children, there must be one responsible residential adult per two children.
12. Non-custodial parents may host their children of any age overnight on weekends only, and only with the prior permission of the vice president for Student Life.
13. Resident Life staff reserves the right to refuse a visitor or guest the right to visit Olivet College.
14. No "squatting" is allowed on Olivet College properties. Squatting is defined as one that settles on property without right or title or payment of rent.

Laundry

Washers and dryers are available in each residence hall and theme house. Any malfunction of residence hall laundry equipment should be reported immediately to Automatic Apartment Laundries, Inc. by calling 1-800-521-9938. Indicate the building, machine number (located on the side of the coin slots), and the problem with the machine. Change machines are located in the RA offices. Olivet College is not responsible for lost or damaged clothing.

Dining/Food Services

All students who live in residence halls must have a meal plan. The reason for this is twofold. The first and most important is to ensure that students have access to nutritious and healthy food choices and the second is that they are not allowed to have cooking appliances (with the exception of a small microwave) in their residence hall rooms. Students are encouraged to eat in the dining hall and to use their meal plan. The academic year ends in April. The free points that students on the meal plan receive on their card will expire at the end of the regular semester with their meal plan. Students that elect to take advantage of the ILT will automatically be changed to the Carte Blanche plan for that period. This means that they will not be able to scan in a "buddy" or make use of their free points. Students staying on campus between the end of the spring semester and the start of the ILT and/or the end of the ILT and commencement must be on an authorized attendance list in order to eat in the Kirk Center.

Students who enroll in a board contract with the college will be on the Carte Blanche meal plan. Each Carte Blanche plan comes with 10 bonus meals each semester. These bonus meals can be used to bring a guest in to eat. Greek, Theme, and College Owned Apartments may have choice of Carte Blanche or 75 on the go.

Students can enroll in a board contract with the college, selecting from several meal plans. The meal plans are monitored at the dining hall entrance and students are required to show their ID with a meal plan bar code to gain entrance. A student's ID is not transferable to another student seeking entrance to the dining room. If a student has lost his/her ID, they can obtain a new ID at the Student Services in Mott for \$15.

The dining room meal service features unlimited portions and is predominantly self-serve. To ensure the highest level of food safety, only

ice cream, fruits (apples, oranges, pears and bananas) or a cookie may be taken out of the dining room.

To obtain a tray for a sick student, a roommate or friend must bring an authorization note from a hall director, or the campus nurse, and the student's ID to the dining room. Present the note and ID to the checker. Faculty, staff and commuters are welcome in the dining room and can pay the checker upon entrance or can have money put on their ID to be used for meal purchases in the Kirk Center or in retail locations. Faculty, staff and commuters will receive a 10 percent bonus for any cash deposits over \$30 on their cards. Student groups, athletics, etc. may contact a food service manager to set up a meal exchange "pack out" for parties, trips or other special events. Arrangements must be made five working days prior to the event to order the food, and a list of students who wish to exchange their meal must be presented to dining services the day prior. Students who have indicated they are exchanging a meal will forego entrance to the dining room for that meal. Students who miss meals due to academic or work related reasons may contact the food service office to arrange for alternate meals. The Suggestions and Comment Board, the Food Advisory Committee, the Customer Satisfaction Surveys and the Chartwells Open Door Policy are all avenues of customer input to the college's continued change and growth in programming. Dining services, programs and specials are advertised in a monthly calendar, which is distributed to all campus departments and offices. The daily menu can be obtained by going to www.dineoncampus.com/olivet. Hours of operation are posted outside of the dining room. Points are included with each meal plan, and are redeemable at any of the three retail locations on campus: The Comet Café, located in the lower level of the Kirk Center, Outtakes at Mott, and the Cyber Café, located in the lower level of the library. Each point is equivalent to \$1 and will not be taxed. Students can purchase more points at any time by contacting Chartwells at (269) 749- 7378 or visiting our Web site at www.dineoncampus.com/olivet.

Chartwells is contracted as the food service provider for the campus community. Chartwells must furnish all food items for campus events. These items may be prepared and delivered by Chartwells or can be purchased in their raw state and prepared by the event coordinator. For items to be prepared by the coordinator, Chartwells will provide proper guidelines for preparation and food safety. Students with meal plans may use a "meal exchange" to purchase food for events. Meal exchanges must be arranged with a food service manager no later than 72 hours before an event. Campus event food items can be ordered by contacting Chartwells at (269) 749-7378.

CAMPUS ACTIVITIES OFFICE

All clubs and organizations are bound to rules and regulations in the student handbook. If found in non-compliance of the student handbook, the club/student organization will be subject to sanctions.

Policies and Procedures Governing Student Organizations

The following are guidelines by which the membership and status of student organizations will be determined.

Membership

Membership in active status clubs, organizations and Greek societies will be limited to enrolled students of Olivet College, in good academic standing with a cumulative grade point average (CGPA) of 2.0 or higher, and only members of the college faculty and staff can participate as advisors and honorary members. Students are not allowed to be honorary members of any Greek society. For example, non-members

are not allowed to participate in step shows, pledging games and/or any event for that society. To join a Greek society, a student must have earned 12 credit hours at Olivet College or have transferred with a minimum of 12 credit hours from another college or university, be currently enrolled in a minimum of 12 credit hours, have a minimum CGPA of 2.0 and previous semester GPA of 2.0 and be in good disciplinary standing with the College. To join a Greek society, a student must have completed 12 credit hours, be currently enrolled in a minimum of 12 credit hours and have a minimum CGPA of 2.0. Executive board members of clubs, organizations, and Greek societies must maintain a 2.5 CGPA. In accordance with Olivet College policies and procedures, no club, organization or Greek society may discriminate on the basis of age, race, gender, sexual orientation, religion, handicap or disability, marital status, life-style or national origin (provided that the Greek societies may have gender-restricted membership). Student Government attendance is required to maintain active status as a club and organization/Greek society on campus. Each club and organization/Greek society must have one representative present a minimum of one meeting per month.

Constitutions, By-Laws or Policy Manual

Each club, organization or Greek society shall operate according to a constitution, by-laws or policy manual. Each is required to submit or resubmit their constitution, by-laws or policy manual on the fifth Tuesday of the fall semester. In the spring semester, unless there were any updates to a club's constitution, by-laws or policy manual, only an updated student organization membership must be submitted by the fifth Tuesday of the spring semester. If you have any questions, please contact Student Activities.

Advisors

It is the responsibility of each club, organization or Greek society, to select at least one advisor who is a full-time member of the college faculty or staff. In order to accept or resign the position of advisor, he/she must do so in written format and submit it to the Office of Student

Life. The advisor shall have the following privileges of membership, except voting:

- Approve all financial operations and disbursements.
- Attend at least two functions of their respective club, organization or Greek society per semester.
- Sign all forms turned into the Office of Student Life.
- Attend all registered parties hosted by club, organization or Greek society on campus.

Student organizations must submit a Student Organization Registration and Membership Listing Form, as well as individual applications via MyOlivet portal by a designated member who starts interacting with the Office of Student Life by the second week of each semester. These forms should be resubmitted each semester or whenever changes are made.

Registration

It is the responsibility of each club, organization or Greek society to designate one member to interact with the Office of Student Life by the second week of each semester. This person will have access to necessary paperwork for their club, organization or Greek society on MyOlivet portal. Paperwork must be filled out and returned one week after their first meeting. Each semester this person must provide the membership registration form and the advisor agreement form to the Student Life office. Any time officers change or a new member joins, it is the responsibility of the designated

person to update the information and resubmit to MyOlivet portal. Only after this information is completed will Olivet College grant formal recognition and active status to an organization. The budget cannot be used until active status is obtained.

New Student Organization Registration

A new organization must follow the same registration guidelines and also must be approved by the directors of Student Activities and SGA before it becomes active.

Status

Active: An organization with an active status maintains a membership of at least eight students in good academic standing. Only with a membership of at least five will the organization be eligible for a budget from the SGA, (changed due to an SGA vote in spring of 2013). All organizations and societies **MUST** attend SGA meetings to be considered active. An organization with active status is one that enjoys the benefits of scheduling and presenting programs for the campus community and may use the college facilities, services, funding and personnel.

Inactive: An organization with an inactive status is one that may not enjoy the benefits of scheduling and presenting programs for the campus community, and may not use college facilities, property, services, funding or personnel. An inactive organization has either fallen below the minimum amount of 8 members in good academic standing, or failed to turn in all required membership forms, has missed more than one SGA general session meeting, has been found in violation of the college's Community Standards, or has failed to follow local, state, and federal laws. An inactive organization will lose all of its budgetary privileges, (changed due to an SGA vote in spring of 2011).

SGA Grants

To request a grant from SGA, you must use the "SGA Grant Proposal Form" found on MyOlivet portal. Please keep in mind that for large, capital projects, allow at least 30 days for review, approval, and distribution of funds. For all other projects, allow at least 14 days for review, approval, and distribution of funds. For all projects, the SGA Grant Proposal Form **MUST** be submitted at least two weeks prior to a SGA General Session meeting.

Impartiality Rule:

SGA Executive Board members cannot vote or participate in voting discussions on proposals submitted by either themselves, or a club or organization in which they are a member.

Registered Party

A "registered party" is defined as a party where alcohol may be consumed by students of legal drinking age. A "closed party" is defined as a party between two Greek societies that is closed to independent students and other Greek students. A gathering is considered a "party" where no alcohol is present, which can be registered with the Office of Student Life when there are more than five non-members of an organization. All unauthorized parties will be terminated if reported to or discovered by Campus Safety or an Olivet College official. An announcement of the party may not occur prior to approval by the Office of Student Life.

Registered parties are permitted in the following locations: society/theme houses, Kirk Center, Oaks Dining Room, MacKay Gymnasium, Comet Café and the college fire pits.

There are two types of parties that must be registered:

1. Bring your own beverage, "BYOB." A BYOB must be approved and registered with the Office of Student Life at least two weeks prior to the event. Absolutely **NO** money can be charged at the door or at the function if it is registered as a "BYOB" function. Each person of legal drinking age may bring in **NO MORE** than either one 6-pack of beer, one pint of liquor or one bottle (750 ml) of wine.

2. Parties at which money is charged at the door or otherwise collected must be approved and registered with the Office of Student Life. These parties require the same forms as a “BYOB” Party, plus the organization must obtain a one-day liquor license from the state of Michigan. Once tentative approval is received from the Office of Student Life, the organization may submit the application for a one-day liquor license to the state of Michigan. Processing of a temporary liquor license can take three to five weeks; therefore, all parties requiring a liquor license must be registered and approved by the college at least six weeks before the event. The organization is required to submit approval or denial from the state of Michigan to the Office of Student Life no less than two weeks prior to the event.

Procedure for Approval of a Registered Party

A registered party is a party where alcohol is present. The group(s) sponsoring a registered party must observe the following procedures:

1. If money is charged at the party, the sponsoring organization(s) must file all appropriate forms with the Office of Student Life. Once approval is received, the organization may submit the application for a one-day liquor license to the state of Michigan. (Approximate processing time three to five weeks). A society hosting a “BYOB” party cannot charge money when students are providing their own beverages.
2. The organization will then submit approval or denial from the state of Michigan to the Office of Student Life no less than 48 hours before the party. Announcement of the party may not occur prior to approval by the Office of Student Life.
3. If the party is “BYOB,” the organization must submit a completed party application to the Office of Student Life at least two weeks prior to the party AND prior to any public announcement of the party.
4. The bartender must check each individual’s wristband in order to ascertain that he/she is of legal drinking age.
5. If money is charged and alcohol provided, only one alcoholic beverage may be given to a person at a time.
6. All registered parties must have at least five certified “party officials” present at the party. A “party official” is defined as someone who has attended at least one Student Life party planning training session and obtained their certification from the Office of Student Life. ALL officers of an organization are REQUIRED to attend the party planning training session and become certified party officials. During the party, all party officials must be sober to qualify as a party official. Two party officials will be located at the check-in-station and three party officials will be surveying the party.
7. An adequate supply of non-alcoholic beverages must be provided.
8. Registered parties may only be held on Fridays or Saturdays and the parties must conclude by 2 a.m. (meaning all nonmembers must have vacated the location and the only activity happening is clean-up).
9. The distribution of alcohol must cease by 1:30 a.m.
10. Prior to any registered parties, students must contact the local fire department to determine the capacity of the host house. This number must be posted in a prominent place and a copy must be given to the Office of Student Life.
11. Any donations solicited at these parties are **not** permitted at the door. Donations are not mandatory.
12. All bonfires must have a permit from the city of Olivet. Olivet City Hall, (269) 749-4961, is open until 5 p.m. The free permit is good for three days. After receiving the permit from City Hall you must give a copy of the permit to Campus Safety;

email Campus Safety the permit number 24 hours in advance and put in the great chart at least 24 hours before you have the bonfire. The host of the bonfire must also have a copy of the permit on the premises available to show the Police if asked. Failure to register your bonfire with Campus Safety will result in a \$100 fine.

Check-in Station

At all parties or gatherings there must be a check-in station located at the entrance of the event. A check-in station will consist of the following procedures:

1. There must be one college official or Campus Safety officer and two party officials present at the check-in station.
2. College, as well as state IDs, must be checked at the door in order to ensure that the person entering the party meets the legal drinking age and they are an Olivet College student. Persons who are visibly intoxicated must be denied admission. Each person of legal drinking age may bring in NO MORE than either one 6-pack of beer, one pint of liquor or one bottle (750 ml) of wine. Bags and purses will be checked by a college official or Campus Safety officer at the party check-in station.
3. Students or non-students eligible to drink at a party are to be marked with a wristband. Students or non-students less than 21 years of age must be clearly marked with a black “X” on the back of both hands.
4. All non-Olivet College students attending a registered party must be at least 18 years of age and provide state-issued ID as proof. Each student can have two guests at a party. The organization hosting the event must keep a list of all non-students attending, along with the name of their host.
5. The group has the right to ask anyone to leave the party if the college deems that they are intoxicated, a risk to the safety or well-being of others, or for any reason.
6. If a student or non-student is asked to leave, a party official will record his/her name and report the incident to the Office of Student Life.
7. Students are responsible for the actions of their guests. If a guest is asked to leave, the police may be called.

Alcohol Policy Sanctions

Any organization on probation may not host a function or plan a function in which alcohol is served.

First offense is a 365-day period: A minimum \$50 fine per active member and Probation for the length of 30 academic calendar days (days in which classes are held). An organization can only be removed from probation by completing sanctions imposed by the Judiciary Board hearing the case. (Suggested sanctions include, but are not limited to, 10 hours of community service per active member, two programs related to alcohol abuse with attendance of at least 90 percent of the active body and involvement with at least one active member for the length of probation.) The Officers of the organization will face additional individual student sanctions.

Second Offense in any 365-day period: A minimum \$250 fine per active member. Loss of recognition as a college organization for the length of one calendar year. (Suggested sanctions include, but are not limited to, 20 hours of community service per active member, five programs with attendance of at least 90 percent of the active body, two of which must deal with alcohol awareness, and involvement with at least three active members for the length of probation.) The officers of the organization will face additional individual student sanctions.

Internet Access

1. Internet access is provided by the College for the use of students, staff, faculty, visitors, guest, conference attendees, and/or alumni ;
2. Internet access is a privilege, not a right, and is provided for academic and job-related purposes only. This includes, but is not limited to, conducting research for classes, submitting homework or class assignments via e-mail, and searching for employment or job-related information (students);
3. The Internet is not to be used to access or to disseminate illegal, objectionable or obscene materials; to engage in any conduct, which may be considered to be inflammatory, abusive, or harassing; nor to conduct personal business for profit. Chat rooms and adult-oriented sites are specifically prohibited;
4. The College reserves the right to monitor, record, or stop a computer session at any time;
5. The College will report to law enforcement authorities any activities that may be considered illegal, as well as any reports it received of such activities. The college will cooperate with law enforcement authorities when requested. Software made available through computers at the College is licensed to the College by the publishing companies. These programs must be used in accordance with applicable licensing and may not be copied for home use;
6. Users are expected to respect copyright and all other intellectual property rights. Inappropriate use may constitute fraud, plagiarism, or theft;
7. Users may download files from the Internet to their own USB, Flash or External Disk, but they may not download to the College's computers or install any files or programs;

8. The College will review alleged violations of this Policy on a case by case basis;
9. The College reserves the right to modify this policy at any time;
10. Occasional personal use of the internet access provided by the College is allowed subject to your supervisor's approval.

Email Policy

Olivet College expects all mail users to use the College's electronic mail system in the same professional manner in which they conduct all other communications. While common sense and good taste should guide all use of the e-mail system, the College has instituted the following guidelines to ensure appropriate use and to maintain an efficient yet comfortable workplace which is free of harassment.

1. The College's email system is made available for college purposes. Only those messages which relate to the College's matters are appropriate for the College's email system.
2. In addition, students/employees/guests must use only his or her e-mail account and may not share his or her password. The students/employees/guests must not review or attempt to review email messages that were not sent to him or her.
3. Email can be an efficient method of communicating with others; it must, however, be used with care. Users can limit sending e-mails by considering whether a smaller group would be more appropriate recipients than an all-inclusive group. Similarly, email users should consider whether a brief review of an appropriate reference material could eliminate the need for frequent mass e-mails altogether.
4. "Spamming" or sending email to a large number of users is prohibited and is defined as follows:
 - Sending an attached file through electronic mail to a large number of users.
 - Sending electronic mail to the entire campus community without first receiving approval from Student Life or College Relation for both content and form.
 - Sending or forwarding messages or attachments with content considered inappropriate or offensive
 - Sending electronic mail messages not relevant to the operations of the College.

"Spamming" will result in the deactivation of the sender's email account until he/she meets with Information Technology Systems staff. A second offense may result in the loss of electronic mail privileges.

Additional violations will be referred to the individual's supervisor/ advisors/judicial board for appropriate action.

5. Access to staff, faculty or student distribution lists is limited to members of the College leadership team, on an "as needed" basis.
6. Broadcast emails are subject to the same standards and review as posters or flyers and must be approved in advance.
7. Employees wishing to use the electronic mail system to post announcements about College-related events or programs must request permission from their vice-president by sending a copy in electronic form at least two business days in advance. The vice-president will release the announcement to the appropriate distribution list or to ITS for posting on the Tele-Display. Sending announcements without prior approval will be considered spamming. ITS staff may send informational broadcast emails without obtaining prior clearance.
8. Notices regarding items for sale, lost/found items, or other similar items must be posted designated posting area in MyOlivet portal.
9. The use of electronic mail should not be used for public conversations. Utilizing the electronic mail system for public policy discussions will be considered spamming.

10. The College will not tolerate the use of the email system for sending or receiving any messages containing obscene, pornographic, defamatory, or discriminatory material. All College policies including its policies regarding equal employment opportunity and harassment apply to messages sent and received on the College's email system. Anyone who feels that he or she has been harassed or discriminated against through the College's email system should follow the reporting procedures outlined in the handbook.

11. The courts have ruled that all email records can be subpoenaed and similarly the college judicial system may request email and other files for evidence that may be reviewed or presented as part of the process.

The College anticipates that all email users will follow these guidelines while using its e-mail system, but the College reserves the right to monitor individual use of the email system without prior notice and all users have no reasonable expectation of privacy in their use of the e-mail system.

Faculty and staff can expect that email messages are treated confidentially because the College does not monitor employees' email transactions. However, email messages are written records that could be subject to inspection. The College does not guarantee the privacy of email.

Information Technology Services Staff are required to sign "Data Confidentiality Agreement", and are exempt from any electronic access policies as their job description requires them to do exactly that. When system problems occur, such as hardware or software failure or attacks by malicious users, the ITS staff, who maintain the email servers, are authorized to look at any information and any files on College computers that are necessary to solve the problems and to protect the systems and the information they contain.

In addition to the authorized actions of the ITS Staff, email also can end up in the hands of staff if it was inaccurately addressed and if it could not be delivered. People make mistakes in addressing their email so that private messages appear in the mailbox of someone other than the intended recipient.

Additional email guidelines

- Emails are not always from the person who is specified on the "From" Line. It is relatively easy to impersonate a user when sending e-mail. Be wary of messages with questionable content;
- Just like written letters, the e-mail messages are owned by the receiver. They can easily be redistributed or copied by the recipients;
- Realize that College policy and secure passwords provide good but not complete assurance of the privacy of email messages. When the confidentiality of a message is of the utmost importance, only a person-to-person conversation may be sufficiently secure;
- Delete messages that should not be preserved;
- Chain e-mail, which is a message that requests that you forward it to others, should not be forwarded.
- Do not fall for Phishing emails –if you are not sure whether they are legit – run it by ITS Staff

Please note that network or computing providers outside the college may additionally impose their own conditions of appropriate use, for which all users are responsible.

C. Electronic Information Access, Use and Security Policy

Some individuals will be given access to the student information systems and/or other administrative systems. Access is granted based on the job responsibility. The confidentiality of these records is governed by the Federal Family Education Rights and Privacy Act of 1974 (a.k.a. Buckley Amendment, FERPA). It is your responsibility to familiarize with FERPA if you are given access to Student Information. All information is confidential, and students have a right to expect that their scholastic records are being properly supervised and maintained. Communication of this information is restricted to other authorized parties in accordance with the provisions of FERPA. Requests for disclosure of this information must be approved by the appropriate administrative officer at Olivet College. If a disclosure request is received, discuss it with your supervisor.

Individuals may use Olivet College computing facilities only with the express authority of Olivet College. The Administration at Olivet College authorizes system accounts and the use of lab facilities. Using an account that belongs to another individual or giving an individual other than the owner access to any Olivet College account is strictly prohibited. Each user is legally responsible for all activity originating from his or her account.

D. Wireless Technology Usage Guidelines

Information Technology Service provides high-speed wireless internet access at student dorm rooms and throughout campus. We implemented wireless technology based upon a few obvious factors such as mobility, ease of use, and taking technology out of classrooms into the dorms, campus square, library and cafeteria.

Wireless technology uses radio frequency to transmit data back and forth from access point (transmitter) to the user's wireless device (receiver). This means this technology embraces the use of campus airspace for data communication. The purpose of this guideline to alert the campus community and educate Olivet City residents to the potential problems that could arise from other devices that use similar radio signals.

The Office of Information Technology Services is not aware of any known health hazard associated with the wireless technology. We would also like to assure you that this technology does not interfere with cell phones or any other mobile voice communication.

Olivet College is using Cisco Access Point, wireless devices, to build a wireless data network, which uses the Institute of Electrical and Electronics Engineers (IEEE) 802.11b/g (Wi-Fi compliant) standard for wireless LANs. Using certain devices that use similar standard like wireless devices 802.11 card, Cordless Phones, Remote Control, and audio speakers can cause the data rate to drop significantly.

In order to get optimum wireless connectivity speed, we are advising the campus community and Olivet residents to minimize the use of such devices. Please avoid using such devices, especially 1-2 GHz cordless phones. These phones tend to interfere with wireless communication. If you have a device or are thinking of buying a device that may cause interference with wireless data communication give ITS a call. We will be happy to assist you if indeed the device is the problem or is going to be a problem.

Using the College's wireless technology is a privilege, not a right. Such use is subject to temporary or permanent disablement if the ITS determines that such utilization of college resources is in violation of law, policy, or rule; violates or interferes with others' privileges, rights, or interferes with network performance, network access or normal college business.

Users may not use wireless technology for commercial or financial gains.

E. Use of Social Networks and Disseminating Information via Social Networks Policy

Social networking Websites or on-line communities are being used increasingly by students to communicate with each other, and by higher education institutions to post events and profiles to reach students.

As part of Olivet College's commitment to the principals of equal opportunity and non-discrimination, when using College electronic resources to access on-line social networks, College community members (employees, students and others) are expected to act with honesty, integrity, and respect for the rights, privileges, privacy, sensibilities, and property of others. By doing so, individuals will be abiding by applicable laws, including copyright law, College policy, and the Olivet College Compact.

1. Posting

i. College Business Use

Only College employees authorized by their departments may use social networking websites to conduct College business. If authorized (signed authorization must be placed in employee file) and in keeping with College policy, an employee may post on a social network profile: the College's name, a College email address or College telephone number for contact purposes, department information, resources, calendars, and events. (Employees with access to student information may not post any information that may be a violation of FERPA regulations.)

The College's name, College telephone numbers, College email addresses, and College images are not to be posted on social network profiles for academic and staff employees for personal purposes. However, an academic or staff employee, or student government officer, or registered campus organization may use their College title for identification purposes. If the use of the title might imply endorsement, support or opposition of the College with regard to any personal statements, including opinions or views on any issue, an explicit disclaimer must appear proximate to the material.

ii. Personal Use

Consistent with the Olivet College policy on email, personal use of College electronic resources to access social networking sites is to be limited to incidental use. Incidental use must not interfere with an individual's performance of his/her assigned job responsibilities or someone else's job performance or compromise the functionality of the department or campus network.

Individuals or groups within the College community are not permitted to present personal opinions in ways that imply endorsement by the College. If posted material may reasonably be construed as implying the support, endorsement, or opposition of the College with regard to any personal statements, including opinions or views on any issue, the material shall be accompanied by a disclaimer or a clear statement that the individual is speaking for himself or herself and not as a representative of the College or any of its offices or departments. "The contents, including all opinions and views expressed, in my profile [or on my page] are entirely personal and do not necessarily represent the opinions or views of anyone else, including other employees in my department or at Olivet. My department and Olivet College have not approved and are not responsible for the material contained in this profile [or on this page]."

2. Risk – Spam, Spyware and Computer Virus

Many social networking sites collect profile information for advertising (SPAM) targeted at individuals with particular affiliations and interests. Use of the sites may increase SPAM to your email account. In addition, from the social networking sites or links on social networking sites, your machine or network may be exposed to spyware and viruses that may damage your operating system, capture data, or otherwise compromise your privacy, your computer and the campus network, as well as affect others with whom you communicate.

3. Monitoring

Olivet College doesn't routinely monitor social networking sites, however, as with other electronic resources, College administrators may perform activities necessary to ensure the integrity, functionality and security of the College's electronic resources. However, other employers, organizations, and individuals do monitor and share information they find on social networking websites. Posted information is public information.

4. Investigations

In response to concerns or complaints or information provided by individuals, College administrators may look up profiles on social networking sites and may use the information in informal or formal proceedings. The college may request other social networking users to share information on non-public areas of social networking sites. In addition, the College has no control over how other employers, organizations, or individuals may use information they find on social networking Websites.

F. Computer Usage Code of Ethics

Information technology facilities (computer hardware, software, networks, data and other information, etc.) are made available at Olivet as shared resources intended to support and facilitate the teaching, research, and administrative functions of the College. Students, faculty, staff, and authorized guests are encouraged to use these resources to their maximum benefit in these functions. Experimentation, exploration, and learning are promoted within common sense and legal constraints.

ITS Staff are expected to treat the contents of electronic files and network communications as private and confidential. Any inspection of electronic files, and any action based upon such inspection, will be governed by all applicable U.S. and Michigan laws and by this and any other college policies. The same standards and principles of intellectual and academic freedom developed for College libraries are applied to electronic material received from the network. The same standards of intellectual and academic freedom developed for faculty and student publication in traditional media apply to publication in electronic media. These electronic materials and publishing media include electronic mail, mailing lists (Listserv), Usenet News, and World Wide Web pages, for example.

Usefulness of the facilities depends upon the integrity of its users. These facilities may not be used in any manner prohibited by law or disallowed by licenses, contracts, or College regulations. Individuals are accountable for their own actions and all activity involving the accounts for which they have responsibility. College policies and state and federal law make certain kinds of activities involving information technology either abuse or civil or criminal offenses. Students, faculty, and staff should be aware that criminal prosecution may occur if the law is violated. Examples of misuse include, but are not limited to, the following:

- Use of information technology resources without permission;

- Access and attempts to access files, disks, or network communications other than one's own without appropriate permission;
- Interference with any information technology system or another's use of any system, including consuming gratuitously large amounts of resources (storage space, processor time, network capacity, etc.) or by deliberately causing the failure of a system resource (overwhelming mail, deliberately crashing a computer system, corrupting a disk drive on a shared computer, etc.);
- Use of any College resource as a staging ground to crack (break into) any other systems or networks;
- Sending threatening messages or other material intended to harass;
- Theft, including the illegal duplication of copyrighted material, or the propagation, use, or possession of illegally copied software or data;
- Damaging files, networks, software, or equipment;
- Misrepresenting one's identity (forgery), plagiarism, and violations of copyright, patent, and trade secrets;
- Deliberate creation, distribution, or use of any software (viruses, worms, letter bombs, etc.) designed to maliciously destroy data and/or disrupt services;

Olivet prohibits the use of its facilities for the purpose of private financial gain not relevant to the mission of the College. Examples of such use include making commercial contracts and providing services for pay, such as the preparation of papers or income tax forms. Any service provided over any part of Olivet's network that involves private financial gain may be prohibited. In instances where some private financial gain other than compensation by Olivet is expected, permission must be granted in advance by the College.

Violations of this policy at Olivet College are handled through standard disciplinary processes as outlined in the Student Handbook and applicable faculty and staff handbooks (OEP). Information Technology Services (ITS) may take immediate action to protect information security, system integrity, and operational continuity, pending disciplinary decisions and review of ITS' actions by the appropriate disciplinary authority. Students, faculty, and staff, as constituents of the academic community, should be free, individually and collectively, to express their views on this code of ethics.

G. Web Publishing Policy

Olivet College is committed to the ideals of free speech and free exchange of information in any forms of electronic medium via any latest available technology. Students are highly encouraged to experiment with creating online portfolio/web pages within the boundaries of the rules.

Compliance with the Law, College Policies and Rules

Student web pages and/or sites using college resources must comply with all applicable laws and policies and rules of the College, including, but not limited to, the standard policies of College's Internet Service Provider, Student Handbook, and Olivet College Code of Conduct. Using College resources for student personal web pages or/and sites is a privilege, not a right. Such use is subject to temporary and/or permanent disablement if the College determines that such utilization of College resources and/or the student's personal Web page or site is in violation of law, policy, or rule; violates or interferes with others' privileges, rights, or use of College resources; and/or interferes with network performance, network access or normal College business.

Private vs. Public information and Copyright

The web makes it very easy to copy files and graphics from others. Student Web pages and sites must comply with copyright and other

laws relative to the intellectual property rights of others. Students using anyone else's work, image, likeness, or materials (collectively "materials") on a personal Web page or site enabled by the College must comply with all copyright and trademark laws. Students are not permitted to use the College name, trademarks, logos and/or symbols without permission from the appropriate college representative.

Students should be aware that personal home pages or sites using college web servers are subject to indexing by one or more powerful search engines. Colleagues and friends, prospective employers, and others may access these sites, and any personal information published is fully accessible from the Web. Students waive any potential privacy rights concerning information they choose to publish on their personal web pages or sites, and are subject to personal liability, consequences, and/or sanctions if they violate rights of others.

Restriction against Use for Commercial or Financial Gain

Students may not use Olivet College resources to create personal web sites or pages for commercial or financial gain. Student web pages or sites using College resources may provide a link to other web pages or sites if doing so is in compliance with these rules. Appropriate action will be taken with respect to any sites and/or links that violate these rules, including, but not limited to, disablement of the site and/or link and potential discipline. Advertising or displaying of commercial trademarks, or linking to commercial sites on student personal home pages or sites is prohibited.

Student Telephones

Each residence hall room is provided with a telephone line suitable for a touch-tone telephone. Students are not advised to bring cordless phones as they tend to interfere with wireless connection. If a cordless phone is desired, 5.8 GHz or higher frequency is recommended. Roommates may wish to coordinate their efforts, since only one telephone is required. Answering machines may be used, but students may prefer to use the voice mail system provided, which will even take messages when the telephone is in use. Each society and theme house is provided with a single telephone circuit/line, and may provide for the connection of that telephone circuit/line to additional rooms at its own expense. There is no charge for basic telephone service for on-campus calls or local calls. Just dial the 4-digit extension to place an on-campus call. If a line is busy, the caller will be forwarded to the party's voicemail.

Receiving Calls

Please let callers know your Direct Inward Dial number so that they may call your line directly. The Olivet area code is 269, and the exchange is 749. For example, if your number is ext. 7777, long distance callers would dial (269) 749-7777; local caller 749-7777; and 7777 from on campus.

Voice Mail

Students must contact ITS to receive their voice mail ID number and pin. Campus telephones are programmed to forward messages to a voice mailbox if the line is busy or not answered. Although students may share a room, theme house or society house, separate voice mail boxes are set up for each student residing in that facility. Voicemail can be accessed from any phone by dialing 7000 # on campus or (269) 749-7000 # off campus, and following the voice instructions.

Local Calls

Students may make local telephone calls by dialing "8" before dialing the seven digit telephone number. Calls to 749, 763, 543 and 541 exchanges are currently local calls, but calls to 543 and 541 require dialing 1 plus the area code. There is no charge for local calls.

Customer Service

Students experiencing telephone problems should contact ITS at ext. 7666 to arrange for repair. Department hours: Summer 8:30 a.m. to 4 p.m.; school year hours are 8:00 a.m. to 5 p.m.

Long Distance

Students must use a calling card for long distance. Calling cards are available at most grocery and convenience stores.:

Harassment and Annoyance

Students are expected to use the telephones in a responsible manner. Students making annoying or harassing calls may face sanctions. If you receive unwelcome calls, note the exact time and date and report the incident to the vice president for Student Life. Voice mail messages are subject to the same responsibilities and action.

Special Numbers

The Olivet College admissions 1-800 number is used only for recruitment. Callers will not be forwarded to other extensions on campus.

Cable Television

The college provides free basic cable television connections in residence hall rooms. Students may bring their own cable-ready TV, VCR, DVR or DVD player to connect to this service. Connections are via standard coaxial cables, which students must provide. Some cable boxes for noncable ready televisions are available, and a deposit is required. The college is not responsible for cable difficulties resulting from the student's own television, video game console or other electronic equipment. Students may report problems with cable TV service to

Wide Open West at 1-800-444-6997, refer to account number 8365100730006137 for free repair. If, however, the cable TV supplier determines that the problem is a result of the student's television equipment, any resulting charges will be passed along to the student.

POLICIES AND REGULATIONS

Equal Opportunity Policy

Olivet College is committed to the principles of equal opportunity and non-discrimination. The college, in its employment and personnel policies and practices, will not discriminate against any individual on the basis of age, color, sex, gender identity, disability or disability status, height, weight, marital status, national origin, political persuasion, race, religion, military or veteran status or sexual orientation.

In meeting this commitment, the college is guided by applicable federal and state laws and regulations. These include, but are not limited to:

- Equal Pay Act of 1963, as amended, prohibiting discrimination in pay on the basis of gender;
- Titles VI and VII of the Civil Rights Act of 1964 (as amended);
- Age Discrimination Act of 1967, as amended;
- Title IX of the Higher Education Act Amendments of 1972;
- Sections 503 and 504 of the Rehabilitation Act of 1973;
- Section 402 of the Vietnam-Era Veterans Readjustment Act
- Michigan Civil Rights Act of 1977;

Discrimination and/or harassment of any student on the basis of age, ethnicity, sex, gender identity, disability or disability status, height, weight, marital status, national origin, political persuasion, race, religion, military or veteran status or sexual orientation, is prohibited. If a student believes he/she has been discriminated against or harassed, he/she should contact the director of human resources/liason officer, or any college vice president.

Discrimination Overview

Olivet College has adopted policies on equal opportunity/affirmative action, discriminatory harassment, and persons with disabilities. In support of these policies, the college has adopted this internal complaint procedure providing for prompt and equitable resolution of complaints or grievances alleging any action on the part of the college or its trustees, officers, employees, students, vendors, contractors or guests in violation of the policies.

This "Discriminatory Harassment Policy" is the official grievance or complaint procedure for resolving alleged violations of the college's policies on discrimination and harassment. However, nothing contained in this policy is intended to foreclose direct, informal dialogue between individuals in order to resolve a possible violation of the policies. Good faith discussions intended to solve or avoid problems are an important and desirable part of collegial relationships. Such dialogue is encouraged, without regard to any pending complaint under the Discrimination Complaint Procedure.

Discriminatory Harassment Policy

It is the policy of Olivet College to maintain an educational and work environment free from unlawful harassment, as defined below, on the basis of race, color, religion, gender, national origin, age, weight, height,

disability, marital status, veteran status or sexual orientation. Discrimination and discriminatory harassment have no place in this educational community.

“Harassment” is verbal or physical conduct that denigrates or shows hostility or aversion toward an individual because of his/her race, color, religion, gender, national origin, age, weight, height, disability, marital status, veteran status, or sexual orientation or that of his/her relatives, friends or associates, if (but only if) the verbal or physical conduct also:

- Has the purpose or effect of creating an intimidating, hostile or offensive study or learning environment.
- Has the purpose or effect of unreasonably interfering with an individual’s study or learning experience.
- Otherwise adversely affects an individual’s educational opportunities.

Prohibited conduct covered by the definition above can include, but is not limited to, the following:

- Epithets, slurs, negative stereotyping, or threatening, intimidating or hostile acts that relate to race, color, religion, gender, national origin, age, disability, marital status, veteran status or sexual orientation.
- Written or graphic material that denigrates or shows hostility or aversion toward an individual or group because of race, color, religion, gender, national origin, age, disability, marital status, veteran status or sexual orientation that is placed on walls, bulletin boards or elsewhere on the college campus.

The standard for determining whether verbal or physical conduct relating to race, color, religion, gender, national origin, age, disability, marital status, veteran status or sexual orientation is sufficiently severe or pervasive to create a hostile study or learning environment depends on whether a reasonable person in the same or similar circumstances would find the conduct intimidating, hostile or abusive. The college has a compelling interest in assuring an environment in which learning is embraced. Such an environment requires free and unfettered discussion of the widest possible nature, encouraging legitimate expression of all points of view.

A faculty or academic staff member’s selection or use of instructional materials in an “instructional setting” shall not constitute discriminatory harassment unless the selection and/or use of the materials are clearly not reasonably germane to the subject of the course. An “instructional setting” is a situation in which a member of the faculty or academic staff is communicating with a student(s) concerning matters the faculty or academic staff member is responsible for teaching to the student(s). These situations include, but are not limited to, such communication in a classroom, in a laboratory, during a field trip, and in a faculty or academic staff member’s office.

A faculty or academic staff member’s “expressive behavior” related to teaching techniques in an instructional setting shall not constitute discriminatory harassment unless the expressive behavior is clearly not reasonably germane to teaching the subject of the course. “Expressive behavior” is conduct in an instructional setting through which a faculty or academic staff member seeks to communicate with students. It includes, but is not limited to, the use of visual materials, oral or written statements, and assignment of visual, recorded or written materials. Student violators of the policy are subject to disciplinary action up to and including dismissal under Olivet College Community Standards. Faculty, staff and other members of the college community who violate the policy are subject to disciplinary action up to and including discharge under the policies of the college listed in the Olivet Employee Plan. Any and all forms of retaliation against any cooperating person for reporting or initiating a complaint about harassment under this policy are a violation of this policy. The college will promptly undertake

appropriate remedial action for persons who are subjected to conduct prohibited by the policy.

Any student, employee, other member of the college community, or other person with a relationship to the college who feels that he/she has been the object of harassment in violation of this policy should immediately file an incident report with the college’s liaison officer (LO). College personnel who are in charge of college activities where an apparent violation of this policy occurs, and have personal knowledge of the violation, or the violation has been reported to them in writing, shall immediately report the same to the LO by filing an incident report. All college personnel are requested to report alleged instances of violations of the policy to the LO by filing an incident report. Upon receipt of an incident report, the college shall make a prompt and thorough confidential investigation of the allegations. The procedures to be followed are set forth in the college’s “Discrimination Harassment Policy,” copies of which may be obtained from the LO.

Harassment: Initiating a Complaint

Any student, employee, applicant, other member of the college community, or other person with a relationship to the college, who believes that a violation of the college’s policies against discrimination or harassment has occurred, should immediately file an incident report with the college’s LO. The incident report form must contain the complainant’s name, address and telephone number; the identity of the person(s), department(s), or program(s) involved in the alleged violation; a statement of the nature of the claim (e.g., age discrimination, etc.); a specific description of the factual basis for the complaint; and a description of the corrective action requested. The complainant shall also indicate whether he/she desires to use the informal procedure. The incident report must be signed and dated by the complainant. Incident report forms may be obtained from the LO. Upon request, the LO will provide a complainant with assistance in completing and filing the incident report. Upon receiving an incident report, the LO will arrange a meeting with the complainant to review the incident report and inform the complainant of her/his options to use either the informal procedure or formal procedure. A complaint should be initiated as soon as practicable, and in no case more than 180 calendar days after a complainant knows or reasonably should have known of the occurrence giving rise to the complaint.

Discrimination: Initiating a Complaint

Informal Complaint Procedure

Within five days (excluding Saturdays, Sundays and college sanctioned holidays) after receipt of an incident report requesting the informal procedure, the Liaison Officer (LO) will arrange a meeting between the following persons:

- The complainant
- The person most directly responsible for the alleged violation (the respondent)
- The senior administrative officer, or designee, of the complainant
- The senior administrative officer, or designee, of the respondent
- The liaison officer

Prior to the meeting, the LO will provide the respondent with a copy of the complaint. The purpose of the meeting, which shall be chaired by the LO, is to conduct fact-finding in an effort to resolve the complaint on a basis acceptable to the complainant, the respondent and the college. If the meeting produces a mutually acceptable resolution, the resolution shall be reduced to writing and signed by the participants in the meeting. In such cases, the complaint and the resolution shall be kept confidential, except for use in subsequent complaint proceedings, for use in reporting compliance activities to federal and

state administrative agencies, or for use as permitted or required by law or as otherwise agreed. If the meeting does not produce a mutually acceptable resolution, upon request of the complainant, the complaint shall be referred to the campus inquiry board pursuant to the formal procedure.

Formal Complaint Procedure

Within five working days after receipt of an incident report which requests use of the formal procedure, or within five working days after use of the formal procedure is requested following conclusion of the informal procedure without a mutually acceptable resolution, the incident report shall be referred to a panel of the campus inquiry board.

The campus inquiry board shall be composed of:

- Three faculty representatives and one alternate appointed annually by the faculty senate.
- Three staff representatives and one alternate appointed annually by the staff senate.
- Three student representatives and one alternate appointed annually by the vice president for Student Life.
- The LO, appointed by the president, who shall be an ex-officio member of the board, without vote, and shall coordinate the activities of the board and assist the board's panels in their investigations and functions.
- An alternate who shall serve only if no regular representative from the appointing constituency is able. Each panel shall consist of one faculty representative, one staff representative, and one student representative.

Representatives of each group shall be assigned to panels by the LO on a rotating basis, except that a representative shall not serve on a panel to consider an incident report involving a department in which the representative teaches, works or majors; involving a person toward whom the representative is biased; or in which the representative has a personal interest.

As soon as practicable, the panel shall meet and review the incident report, interview the complainant, interview the respondent, and undertake such further investigation as the panel considers appropriate. The LO shall make and keep minutes of the panel's investigation, which shall be kept confidential except for use by the panel or by any adjudication board. Within 10 calendar days after its receipt of the incident report, the panel shall determine (by majority vote) whether there is probable cause to believe that the respondent has violated the college's policies against discrimination or harassment, and shall issue a written report of its determination to the complainant, the respondent and the LO. If the panel finds no probable cause, its report shall be considered a final decision under the formal procedure. If the panel finds probable cause, the LO will convene the adjudication board by delivering a copy of the incident report and probable cause determination to the responsible senior administrative officer(s) as defined below.

The adjudication board will consist of:

- The senior administrative officer, or designee, of the complainant
- The senior administrative officer, or designee, of the respondent
- A third senior administrative officer selected by mutual agreement of the other two board members

The senior administrative officer is that person assigned from time to time by the president to the highest ranking administrative position responsible for a particular activity or area (e.g., the chief academic officer is the senior administrative officer of members of the faculty). In a case involving a person who is not a regular member of the college community (e.g., a parent or guest), the LO shall assign a senior

administrative officer to the board for that person. If the complainant and the respondent have the same senior administrative officer, the LO shall name a second senior administrative officer to the board. If the respondent is the president or a trustee, the board shall consist of three trustees selected by the board of trustees. Within 15 calendar days after receiving the incident report and probable cause determination, the adjudication board shall convene to hear the evidence.

The adjudication board shall notify the complainant and respondent of the date, time and place of the hearing at least three days (excluding Saturdays, Sundays and legal holidays) before the hearing commences. After hearing the evidence, the adjudication board shall determine whether or not a violation of the college's policies against discrimination or harassment has been established by the preponderance of the evidence. If the adjudication board determines that such a violation occurred, it shall order specific, appropriate disciplinary action and/or appropriate remedial action against the respondent.

A taped record shall be made of the proceedings before the adjudication board, and the board's decision shall be in writing and shall be subscribed by a majority of the members of the adjudication board.

A copy of the board's decision shall be issued to the complainant, the respondent and the LO. Notification may be made by personal delivery, to the person's school address, and/or delivery to the person's permanent address as listed in college records. The decision of the board shall be final and binding unless a timely appeal is made.

Discrimination: Appeals

An aggrieved party (the complainant, the respondent or the college) may appeal a final decision issued under the formal procedure within three days (excluding Saturdays, Sundays and official school holidays) after the party is notified of the decision.

An appeal must be in writing and must contain a detailed description of the basis for the appeal. A final decision will be affirmed on appeal unless the appeal clearly establishes one of the following grounds:

- A. A guaranteed element of fundamental fairness was abridged or omitted.
- B. New evidence or information has become available that would substantially change the nature of the case.
- C. The sanction(s) imposed is not in keeping with the gravity of the situation.

The appeal will be on the basis of the record made before the panel with respect to grounds A and C above, and new evidence may be submitted with respect to ground B. In the event of an appeal based in whole or in part on ground B, an appeals panel may refer the matter back to the adjudication board that heard the case. An appeal shall be heard and decided by an appeals panel consisting of a panel of the campus inquiry board assigned in accordance with the standards described under the formal procedure, except that a representative shall not serve on the appeals panel in a case in which the representative participated in the probable cause determination. The appeals panel shall base its decision solely on the record made before the adjudication board and the written material presented in the appeal document. The decision of the appeals panel shall be in writing, subscribed by a majority of the panel, and shall set forth the basis for the decision. Copies of the decision shall be issued to the complainant, the respondent and the LO within 10 calendar days after the appeal is made. This

Discrimination Complaint Procedure shall be the exclusive procedure for resolving alleged violations of the college's policies on discrimination, except as required by law or by collective bargaining agreement.

Bias Incident Reporting

Bias incidents are instances of verbal or non-verbal conduct or behavior that is threatening, harassing, intimidating, discriminatory, or hostile and is based on a category protected under the Olivet College Discriminatory Harassment Policy (DHP) such as a person's age, color, disability status, gender, gender identity, height, marital status, national origin, political persuasion, race, religion, sexual orientation, veteran status or weight. However, because the expression of an idea or point of view may be offensive or inflammatory to some, it is not necessarily a bias-related incident or a discriminatory act, under the DHP.

Olivet College values freedom of expression and the open exchange of ideas and, in particular, the expression of controversial ideas and differing views that is a vital part of the college discourse. A bias incident that is not an act of discrimination or harassment prohibited under the DHP may only be recorded for internal monitoring purposes in order to target resources and support to specific areas within the college.

A bias incident is defined more broadly than an act of discrimination. Not all bias incidents are considered prohibited discrimination or harassment under the Olivet College Discriminatory Harassment Policy. An act of discrimination generally is defined as an adverse action taken based on a category protected by the Policy. An act of harassment, generally, is defined as unwelcome behavior, based on a category protected by the Policy that is severe, persistent or pervasive. A "hate crime" is a term used to describe a bias incident that also constitutes a criminal act. Under Michigan criminal law, bias incidents that also constitute criminal acts are made unlawful under Michigan's "Ethnic Intimidation" law.

To report a Bias Incident, call Campus Safety at 269-749-7911.

National Crime Victimization Survey

In about half of hate crimes, the victim was threatened verbally or assaulted without either a weapon or an injury being involved.

Most likely to be offenders were men (79%) and strangers (51%). Two-thirds of violent hate victimizations involved a lone offender.

The definition also encompasses crime incidents in which the offender perceives the victim as belonging to or associated with a group largely identified by one of these characteristics.

The NCVS definition requires that the corroborating evidence of hate motivation must be present at the incident:

- the offender used derogatory language
- the offender left hate symbols, or
- the police confirmed that a hate crime had taken place.

Almost all bias crime victims cited offenders' remarks as evidence for classifying the offense as a hate crime.

Victims of hate crimes know the crime they experienced was hate related because offenders made fun of them, made negative comments, used slang, hurtful words, or abusive language. About 99% of victims encountered hate-related language, irrespective of the offenders' motives.

A strength of the NCVS is the information provided by victims on their interactions with police after the crime.

Victims who reported hate crimes to police wanted to punish the offender and prevent further crimes.

Victims of hate crime reported their experience to police for a number of reasons. Among those who called the police, about 35% said they notified police to get the offender, that is, to prevent the offender from committing further offenses, to punish the offender, or to catch the offender. About 33% of those reporting hate crime said they reported the incident to get help; they were trying to stop and prevent the incident from happening; or they needed help because of an injury or other problem. About 23% wanted to let the police know about the crime to either improve police surveillance or perform their civic duty.

Young people reported hate crime victimization at rates higher than those of older persons.

Among victims of hate crimes, half of both whites and blacks and three-quarters of those identified as Asian or American Indian said they were victimized because of their race. Three quarters of Hispanic victims of hate crimes said they were victimized because of their ethnicity.

A third of hate crime victims 20 or younger and a quarter of those 21 and older said they were selected as victims because of the people with whom they associated.

Hate crime offenders generally acted alone and were strangers to their victim.

Sexual Assault Prevention

I. Overview

Olivet College recognizes that sexual assault is a crime which undermines self-esteem and individual growth. Further, the college accepts responsibility for combating sexual assault in all ways appropriate to an institution of higher education. The college has and will continue to educate the campus community about sexual assault and to cultivate an environment discouraging the attitudes and behaviors that may lead to sexual assault.

II. Prevention: Protect Yourself

A. Communication is Key

It can be difficult to discuss sexual expectations with someone—especially when it is early on in a relationship. However, everyone must take responsibility to prevent sexual misconduct.

These suggestions may help you avoid potentially damaging situations:

- Get to know your partner, discuss sexual expectations before you find yourself in an intimate situation.

- Clearly communicate your desires and limits.
- Be responsible for your use of alcohol and other drugs and realize that alcohol and other drugs lower your sexual inhibitions and may make you vulnerable to someone who might seek to take advantage of an intoxicated person.
- Be assertive. Tell a sexual aggressor "NO" clearly and loudly.
- Pay attention to the nonverbal actions of you and your partner.
- Accept the decision made by your partner.
- Understand and accept that you are responsible for your behavior and choices.

B. Be Aware – Be Assertive – Trust Your Instincts

- Set your sexual limits. Decide what your limits are and how far you want to go.
- If you choose to drink, do so responsibly, and always have a trusted DSP (Designated Sober Person) with you. Discuss your boundaries and plans for the night in advance and stick with them.
- Don't leave the party with, or accept a ride from, a person you've just met.
- Trust your instincts. If someone or something doesn't feel right there is probably a reason.

C. Responsibilities for Initiators of Sexual Activity

If you find yourself in the position of being the initiator of sexual activity, you owe sexual respect to your potential partner; these suggestions may help you do this:

- Clearly communicate your intentions to your sexual partner and give him or her a chance to clearly relate his or her intentions to you.
- Mixed messages from your partner should be an indication that better communication is necessary before activities progress. You need to respect the timeline with which your partner is comfortable.
- Do not take advantage of someone's intoxicated state, regardless of how they became intoxicated.
- Understand that consent to some forms of sexual activity does not necessarily imply consent to other forms of sexual activity.
- Silence and passivity cannot be interpreted as indications of consent. Read your potential partner carefully, paying attention to verbal and nonverbal communication.

Note: Sex with an intoxicated person can be legally interpreted as sexual assault in the State of Michigan. (see "Consent" below)

III. Definition of Terms

Sexual Misconduct is any sexual act that takes place without effective consent. Consent is not effective in cases where age, intoxication, mental status, incapacitation, etc. prevent a person from knowing the fact, nature, and extent of the sexual situation, or where a person has been compelled through coercion, threats, intimidation, fraud, or force. For more information, see "Consent" below.

Sexual Misconduct includes but is not limited to the following:

Rape is any sexual penetration (anal, oral or vaginal), however slight, with any object, by any person, without consent.

Sexual assault is any sexual touching, however slight, with any object or by any person, without consent.

Sexual harassment is defined in the "Sexual Harassment" section of this document.

Consent

- Consent is an informed, knowing, and voluntary mutually understandable willingness to do the same thing, at the same time, at the same place, in the same way, with one another.
- Consent is a process, which must be asked for every step of the way; if you want to move to the next level of sexual intimacy, just ask.
- Consent is never implied and cannot be assumed, even in the context of a relationship. Just because you are in a relationship does not mean that you have permission to have sex with your partner.
- The fact that you were intoxicated is not a legal defense to rape. "But I was drunk," is not a legitimate excuse. A person who is intoxicated cannot legally give consent. If you're too drunk to make decisions and communicate with your partner, you're too drunk to consent.
- The absence of a "no" doesn't mean "yes."

- Submission due to coercion or intimidation is not real consent.
- If a person resists to the point where additional resistance would be futile or until his/her resistance is forcibly overcome, submission thereafter is not consent.
- There must be a choice between engaging or not engaging in sexual activity.
- It is the responsibility of the initiator of the sexual activity, or the person who wants to engage in the specific sexual activity, to make sure that he or she has consent from his/her partner(s).
- Communication, respect, and honesty make sex and relationships better.

Olivet College Sexual Assault Policy

I. What You Can Do Following a Sexual Assault

A. Get to a Place of Safety. Leave the location of the incident, go to some place you feel safe. You may wish to contact a close friend or family member to assist you.

B. Report the Incident to an RA, Hall Director, or Campus Safety RAs and Hall Directors will file an incident report and alert Campus Safety. Your well-being is important to us. We are here to assist you during this difficult time. Campus Safety will take a report and notify local law enforcement. Law enforcement will take a report. At any point you are free to tell law enforcement you do not wish to speak with them or file a complaint.

C. Obtain Medical Treatment

A person who has experienced a sexual assault is encouraged to seek medical attention to test for STDs and pregnancy, as well as for collection of medical/legal evidence. Prompt collection of physical evidence is essential should a person later decide to pursue criminal prosecution or civil action. **To maximize the efficacy of the evidence collected the exam should take place within 72 hours after the sexual assault has occurred.** Partial evidence may be collected up to 120 hours after the assault. To help preserve evidence, it is important that victims do not douche, shower or bathe. Clothing may be placed in a paper bag to be taken to the exam. Hall Directors on duty are available to transport survivors to the exam. Medical facilities are listed under **Community Resources** below.

D. Meet with the Dean of Student Life

The Dean of Student Life or his/her designee will contact you to ensure you are safe, medical needs have been addressed, you have been informed of the college policies and procedures governing the offense, options under the law and other factors that may be of concern.

E. Proceed with a Judicial Hearing - Refer to the section "Judicial Hearing" of this handbook.

F. Seek Counseling

Sexual assault is a traumatic experience and professional help can assist with the healing process. One way for the survivor of sexual assault to remain in control is to report the assault to a confidential counselor where no action will be taken without the survivor's consent, unless required by law.

The survivor will have the option of pressing charges and proceeding with a criminal case. All services from the Prosecuting Attorney's Office are free of charge

II. Proceed with a Civil Suit

V. Confidentiality

Olivet College will preserve student confidentiality to the extent possible and allowed by law. An individual can speak confidentially with certain persons in legally protected roles at Olivet College including counselors and clergy. Procedures for handling sexual assault violations are processed through the Office of Student Life. All information regarding an incident is absolutely confidential and details are not released to other employees or students.

Family Educational Rights and Privacy Act (FERPA) prohibits the disclosure of conduct records to any third party without written permission from the student(s) involved. However, parents or guardians will be contacted in cases in which minors (under age 18) are involved in incidents of sexual assault.

VI. Summary of the Michigan Criminal Sexual Conduct Statute

To review the statute in its entirety see Appendix B

CSC First Degree - Felony

Sexual assault involving penetration using a weapon, coercion, physical force and/or physical violence.

CSC Second Degree - Felony

Sexual assault without penetration, using a weapon, coercion, physical force and/or physical violence.

CSC Third Degree - Felony

Sexual assault involving penetration, but to a lesser degree of force and coercion.

CSC Fourth Degree – Misdemeanor

Sexual assault involving touching of specific body parts such as the breast, genitals or buttocks.

VII. Disciplinary Sanctions

Any student found responsible by the College Judicial system or by the Legal System for committing sexual assault as defined under Michigan's Criminal Sexual Conduct (CSC) statute will face sanctions ranging from suspension to expulsion depending on the severity of the incident and taking into account any previous disciplinary infractions. To review a summary of College actions based on the Michigan Criminal Sexual Conduct statute, see below.

CSC 1st, 2nd and 3rd Degree (Felonies) – Expulsion

Expulsion is the most serious college action and involves the permanent exclusion of the student from Olivet College. Expulsion from the college involves the following: forfeiture of all rights and degrees not actually conferred at the time of the expulsion; notification of the expulsion provided to the student; withdrawal from all courses; and forfeiture of all fees according to the normal withdrawal policy of the college. A notice of expulsion will accompany any transcript requested by a student for a period of five years. Any student expelled from the college is prohibited from visiting the college premises except when engaged in official conferences approved in writing in advance by the Vice President and Dean of Student Life or their designee.

CSC 4th Degree (Misdemeanor) – Suspension

Suspension from the college involves the exclusion of the student from participation in any academic or other activities of the college for a specified period of time, which may be indefinite. Student will incur a minimum fine of \$500 and will be immediately suspended for the remainder of the current semester and at least one additional semester. Prior to returning to campus readmission must be approved by the Vice President and Dean of Student Life. The student will be required to seek counseling before returning to campus. A second offense will result in expulsion.

Any student accused of sexual assault will face an interim suspension pending a judicial hearing. For details on interim suspension see page 6 of this handbook.

Students accused of sexual assault are entitled to fairness no matter what disciplinary process is used. Students should contact the Office of Student Life for detailed information regarding the selected process. The accused in a sexual assault case will have the opportunity to fully provide his/her side to the investigator. STUDENT EMPLOYMENT

Olivet College's Student Employment Program is designed to assist students in obtaining part-time job opportunities on and off campus through the Work Study Program and departmental budgets. It is our mission to assist students with finding meaningful work opportunities that will allow them financial assistance while in school, as well as obtain practical experience in jobs related to their academic studies, interests, and talents. Because of the large demand for limited employment opportunities, it is important for students to follow the Student Employment processes outlined and then to check in often with the Student Employment Web site to learn of new job openings. New positions for the upcoming academic year will be available for application Aug. 1.

All students are encouraged to apply for student employment positions even if they are unsure if they are eligible for work study; departments have some ability to hire non-work study awarded students. **Note:** All students must follow the Student Employment Process each academic year to be considered a current student employee. If you are planning on working for the same department as the year prior you must still follow the Student Employment Process.

Student Employment Process

1. Students will go to the Student Employment Program (http://www.olivetcollege.edu/student_employment/) to search for and apply for jobs.
2. Once they find a job they are interested in, they will click on the "Apply" link under the job description.
3. They will then fill out a Student Employment Application, which will be automatically submitted to the hiring department.
4. If the hiring department is interested, the student will be contacted by the department for an interview within two weeks.
5. Upon being offered a position, the student will be notified by Student Services to sign a Revised Award Letter (which may now include work study) and to complete payroll tax paperwork, as needed.
6. The hiring department will assign work schedules, review procedures and expectations, review use of ADP ezLaborManager, discuss job descriptions and define responsibilities with the student.
7. The hiring department will notify Student Employment of the newly hired student employee via submission of an "Intent to Hire Form" completed by the department's student employment coordinator.
8. Students are eligible to begin working when their position is available for time entry on ADP ezLaborManager.

General Policies

Nepotism

To avoid nepotism, students will not be placed in any department where a relative is employed and/or serves as the supervisor of student employees. Relatives include: by blood or adoptive relationship (parents, grandparents, children, grandchildren, brothers, sisters, etc.), or by marriage relationship (husbands, wives, brothers- or sisters-in-law, fathers- or mothers-in-law, sons- or daughters-in-law, stepparents, stepchildren, nieces, nephews, cousins, etc).

Employment Eligibility

Olivet College is required to verify employment eligibility. The U.S. government requires the student to provide documentation for I-9 verification before being allowed to begin his/her work assignment. Typical documents used in the employment verification process are a U.S. passport or a driver's license and a U.S. social security card or a driver's license and an original or certified copy of a birth certificate. Visit http://www.olivetcollege.edu/student_employment/forms.php for a list of acceptable documents required to complete the I-9 form.

Federal and State Tax Withholdings

Students will be required to fill out a Federal W-4 and a MI-W4 form to claim exemptions for federal and state tax withholding. Students are only required to complete tax withholding forms once but may choose to change withholding at any time by submitting new W-4 forms. Students claiming "Exempt" from federal income taxes must complete a new Federal W-4 by mid-February every year. Please see current year W-4 for specific due dates. Forms are available in Student Services, Mott 205, or by visiting http://www.olivetcollege.edu/student_employment/forms.php. The maximum number of hours a student is permitted to work in the program at Olivet is 20 in any given week, Sunday at midnight through Saturday at midnight. Hours will be monitored by your immediate supervisor and submitted to payroll via ADP ezLaborManager. **Any payroll discrepancy is required to be resolved within 30 days after the issuance of the scheduled remuneration.**

Student employees are classified as part-time temporary employees. As such, they are not eligible for the following:

- Paid vacations

- Paid sick leave
- Paid medical leave
- Paid maternity leave
- Retirement benefits
- Paid holidays
- Life insurance benefits
- Health or major medical benefits\

Treatment of injuries

To ensure that students receive proper treatment if injured while performing an assigned task, the following procedures shall be followed:

- Students are required to report the injury to their immediate supervisor. If he/she is not available, the incident must be reported to a college staff member.
- Students are required to complete an incident report. Forms are available at the Campus Safety office.

Job Awards

The dollar amount of your job award will be determined from information on the financial aid form To accommodate varied schedules some students will work in more than one department.

Permission of both supervisors and the coordinator of student employment are required for this to occur. Regardless of how many positions are held, students cannot exceed the 20 hour per week maximum

and cannot exceed earning \$2,500 per academic year.

Job awards are given for the entire academic year, unless specified as a semester award. The academic year begins with the first day of classes and concludes on a student's last day of exams. If a student is registered for the Intensive Learning Term (ILT), he/she is eligible to work until the last day of ILT.

After payroll is processed each month a department allocation is distributed to each departmental coordinator indicating the amount of the student's job award, earnings for the current month and the amount left to earn to complete the job award. It is crucial that the departmental supervisor communicate with the student to the status of the job award of the students employed in their department.

The Student Employment Program has specified beginning and ending days for each pay period. Please visit http://www.olivetcollege.edu/student_employment/payroll_calendar.php for a complete list of pay periods, timesheet due dates and pay dates.

Wage Rates

Olivet College complies with the state of Michigan's minimum wage rate of \$7.40 per hour. Some specialized positions on campus pay a higher rate, which will be specified in the job posting.

Grievances Against Supervisors

Procedures:

- Meet with the supervisor to discuss the problem as soon as possible.
- If a solution is not reached; an appointment shall be scheduled with the Student Employment coordinator.
- The student employment coordinator reserves the option to schedule a meeting with the student employee, the supervisor, and the financial account manager.
- The student's final course of action is to appeal to the colleges president or his designee.

Pay Procedures

Student employees will submit their time daily using ADP ezLaborManager. The student employment coordinator in the employee's department will approve the time card information and submit it to ADP ezLaborManager at the end of the pay period. Payroll checks will be processed monthly for each student working in the Student Employment Program. Paychecks will be available for pickup in Student Services. Funding for student employment is received from the Federal Government and Olivet College.

A student's total job award is taxable by both federal and state governments. Wages will not be subject to Social Security (FICA) deductions during the time he/she is a registered, degree seeking student.

Direct Deposit

Direct Deposit is available to students wishing to have their work study paychecks electronically deposited into their checking or savings account. Once the form is submitted to payroll, a pre-notification period will occur with the first pay date. Funds will then be electronically deposited with the second pay date. For example, if the form is turned in on May 31st, the pre-notification will occur on the June 7th pay date, followed by an actual direct deposit on July 7th.

Performance Awards

In 1984 Olivet College established an awards program to recognize and honor student employees who continuously surpass the expectations of their student employment positions. The Student Employee of the Year receives an award at Honors Convocation.

Summer Employment

Summer employment opportunities are available on a limited basis. Please visit http://www.olivetcollege.edu/student_employment/ for information on availability and the application process.

Working Environment

The Student Employment Program is committed to prohibiting discrimination on the basis of race, color, religion, gender, national origin, age, height, weight, marital status, sexual orientation, veteran status or disability throughout the employment relationship, and is also committed to assuring fair employment practices. Please refer to "Community Standards" for more information. Laws that directly affect the Olivet College Student Employment Program according to the Americans with Disabilities Act (A.D.A.) are as follows:

- Discrimination in employment against a qualified individual with a disability in the terms and conditions of employment is prohibited.
- The Student Employment Program is obligated to permit an injured or ill student employee who has recovered to return to work.
- In accordance with the Drug-Free Workplace Act of 1988, (34 C.F.R. Part 85, subpart F) Olivet College maintains a drug-free workplace.
- Smoking is prohibited in all buildings and offices.

Discrimination and Sexual Harassment

The Olivet College Student Employment Program is committed to providing a work environment that is free of discrimination, and does not allow any unlawful harassment, especially that of a sexual nature. Sexual harassment is defined as unwelcome advances, requests for sexual favors, or other verbal or physical contacts of a sexual nature when:

- Submission is made explicitly as a condition of employment
- Submission or rejection is used as the basis for employment decisions

- Such conduct interferes with an employee's work performance
- Such conduct creates an intimidating, hostile or offensive working condition

If a student employee feels subjected to harassment by any other student employee of the college, he/she should promptly report the incident to an immediate supervisor, the Student Services Office or the human resources specialist.

If a student employee feels subjected to harassment by a supervisor or employee of the College, he/she should promptly report the incident to Student Services or the human resources specialist. After a thorough investigation of the matter, appropriate action will be taken. All information concerning harassment charges will remain confidential.

Disciplinary Process

Problems in the workplace do occur. Student Employment has Provided the following advice and guidelines to help departmental coordinators handle these situations.

Ideally, supervisors will use the interview and selection process to help determine whether a student and a particular employment opportunity are a good fit. Furthermore, the training and orientation provided by the department provides the opportunity to ensure that student employees understand the requirements and expectations of their position. However, there may be occasions when the performance of the student in his/her job is below expectations. In those situations, a progressive disciplinary process should be used to make sure that students have the opportunity to learn from their own mistakes, to correct their own errors, and to understand why they are being disciplined/terminated.

Verbal Warning

If a student fails to complete a job satisfactorily, the supervisor/coordinator is encouraged to counsel the student. The counseling should include:

1. The student's job requirements.
2. The problem that exists in the student's employment area.
3. Reasons why the problem is occurring.
4. Strategies to correct the problem.
5. A mutually agreed upon corrective plan of action.

If counseling fails to resolve the situation the next step is the written warning system.

First Written Warning

The first written warning is a disciplinary action taken because satisfactory job performance has not occurred. The warning should be hand-delivered to the student, if possible. A copy will be hand delivered within 48 hours of the time it was issued.

Second Written Warning

A second written warning is much more serious than a first written warning. In all cases, three days must elapse between the verbal and first written warning before a second written warning can be issued. If a second written warning is issued, the following will happen:

A mandatory meeting must be scheduled with the student employment coordinator. This appointment must be scheduled and kept within three school days of the issuance of the warning. Failure to do so could result in the student's right to appeal future written warnings. At this meeting a careful explanation of the disciplinary action being taken will result.

Upon receiving a second written warning, the student will be placed on probationary status for a minimum of two weeks and be subject to an additional evaluation.

Third Written Warning

A third written warning mandates that the student's employment opportunity for that academic year be terminated.

Appeals

A student may appeal any written warning, provided that he/she has followed all of the procedures printed under written warnings (see Second Written Warning.) If the student chooses to appeal a written warning, he/she is required to submit a written appeal to the student employment coordinator within three school days of the date the written warning was issued. During the appeal process, no action will be taken against the student or the supervisor by the college regarding related employment issues.

The student employment coordinator will review the appeal and make a decision within three school days of receipt of the appeal.

If the student or the supervisor wishes to appeal the decision reached by the student employment coordinator, appeals must be directed, in writing, to the college president or the president's designee within 48 hours after the decision is reached and communicated to the student, the supervisor and the student employment coordinator. Whenever possible, the appeal will be heard by the president or the president's designee within 10 school days of receipt of the appeal.

Falsification of Time Sheets

The first infraction of falsification of time sheet information will result in a student's immediate dismissal from the Student Employment Program and eligibility for any campus job for a period of one semester. After one semester the student may reapply for campus positions. Should the student secure a position on campus, he/she will remain on probation for an additional semester. Should a second infraction of falsification of time sheets occur, the student will be dismissed from the Student Employment Program and will be ineligible for any campus job for the remainder of their academic career at Olivet.

Other Issues

The first time a student receives a written warning for other issues violating college rules, disciplinary probation will occur. Other issues include lying, cheating, theft, participating in verbal or physical abuse of any college employee, being insubordinate, coming to work under the influence of alcohol or drugs, discrimination, harassment, sexual harassment or sexual assault. The policies and procedures listed in the "Community Standards" section of the student handbook will be followed when other issues with/of written warning are submitted.

Community Standards

Policies and procedures listed in the "Community Standards" section of the student handbook are adhered to by the Student Employment Program. Specific policies include, but are not limited to: alcohol, anti-hazing, expectations of conduct, discrimination, equal opportunity, harassment, sexual harassment, judicial process, smoke-free campus and sexual assault.

Appendix

Appendix A

I. Rape Trauma Syndrome

Rape Trauma Syndrome is a stress reaction, resulting from either a completed or attempted sexual assault. Not all the reactions encompassed by RTS are experienced by each survivor; rather, RTS represents a range of possible reactions. RTS reactions vary from person to person. RTS has two major phases: the immediate or acute phase, in

which the survivor's lifestyle is completely disrupted, and the long-term phase, in which the survivor must reorganize this disrupted lifestyle. Characteristics of the first phase include anger, confusion, shock, disbelief, fear, shame, guilt, lack of self-esteem, and flashbacks to the incident. The long-term phase may be characterized by difficulty in concentrating, sleeping and eating pattern disturbances, inability to trust, anxiety and mood swings, and continued flashbacks.

II. How to Help a Friend who has been sexually assaulted

- Listen and Believe.
- Reinforce that the assault was not her/his fault.
- Validate her/his experience.
- Be supportive and try to remain calm.
- Allow the survivor to offer or not offer details of the assault. Don't pry.
- Understand that she/he might not want to be touched.
- Don't gossip. Keep all information confidential.

III. Important Features of the Michigan Criminal Sexual Conduct Law

See Appendix B to read the law in its entirety

- The victim does not need to prove that he/she physically resisted during the assault. Sexual assault is defined by the actions of the abuser.
- During a trial the victim's sexual history cannot be brought into the case.
- It is against the law to have sexual contact with someone who is incapacitated (drunk, drugged, unconscious, or asleep) because they cannot give consent.

It is an affirmative defense to a prosecution under this subdivision that the other person was in a position of authority over the defendant and used this authority to coerce the defendant to violate this subdivision. The defendant has the burden of proving this defense by a preponderance of the evidence. This subdivision does not apply if both persons are lawfully married to each other at the time of the alleged violation.

This subparagraph does not apply if both persons are lawfully married to each other at the time of the alleged violation.

(ii) The actor is a volunteer who is not a student in any public school or nonpublic school, or is an employee of this state or of a local unit of government of this state or of the United States assigned to provide any service to that public school, nonpublic school, school district, or intermediate school district, and the actor uses his or her employee, contractual, or volunteer status to gain access to, or to establish a relationship with, that other person.

Olivet College is founded on and devoted to student learning, growth and development. The college values diversity within a community built on trust, participation and a sense of pride.

As a member of this community, I affirm the following commitments:

I am responsible for my own learning and personal development.

We recognize the critical importance of taking ownership for our learning. We seek to learn from the full range of our experience, to be open to new experiences and new ideas and to continuously pursue excellence and fulfillment in our intellectual, social and spiritual pursuits.

I am responsible for contributing to the learning of others.

Every learner benefits when each shares ideas, insights and experiences with others. We value differences of opinion and perspective as well as open, respectful dialogue about these differences as central to the ongoing learning process.

I am responsible for service to Olivet College and the larger community.

People working together for the common good is a key to growth for both the individual and the community. We commit ourselves to participating in community service and volunteer activities, both on and off campus.

I am responsible for contributing to the quality of the physical environment.

Enhancing environmental quality is critical to the college, the community and ultimately to the survival of our planet. We will act to maintain and improve our facilities and grounds, to enhance the safety, the security and the appearance of our surroundings and to protect the ecology of our larger community.

I am responsible for treating all people with respect.

We aim to create a positive and inclusive campus culture celebrating both the individual and cultural differences which make each of us unique and the similarities which bond us together. We recognize the need to seek to understand others as the first step to developing mutual understanding, caring and respect.

I am responsible for behaving and communicating with honesty and integrity.

We build trust when we communicate openly, when we seek justice and fairness for all people, regardless of role or position, and when we honor our values and commitments in our private as well as our public behavior.

I am responsible for the development and growth of Olivet College.

We reach outward and seek to inform, involve and recruit new students, employees and friends who share the vision and principles of Olivet College.

In joining this community, I commit myself to these principles and accept the obligation entrusted to me to foster a culture of responsibility at Olivet College.
